Rehabilitation after bauxite mining in south-western Australia, *Landscape Plann.*, 12 (1985) 75

Policy preferences and social economic values to resolve pastoralism–tourism conflicts, *Landscape Plann.*, 12 (1986) 387

The occurrence and duration of weak, near-surface winds at Melbourne, Australia, *Landscape Urban Plann.*, 13 (1986) 303

Is this a good place to grow up in? Neighbourhood quality and children's evaluations, *Landscape Urban Plann.*, 14 (1987) 101

Cultural and sub-cultural comparisons in preferences for natural settings, *Landscape Urban Plann.*, 14 (1987) 281

An assessment of a rational approach to drawing up local government zoning schemes, *Landscape Urban Plann.*, 15 (1988) 303

Ultimate Environmental Threshold (UET) method in a marine environment (Great Barrier Reef Marine Park in Australia), *Landscape Urban Plann.*, 15 (1988) 327

Growth of tree species on ploughed mounds near a saline seep, *Landscape Urban Plann.*, 17 (1989) 189

The genesis of historic landscape conservation in Australia, *Landscape Urban Plann.*, 17 (1989) 305

The avian population of an urban bushland reserve at Wollongong, New South Wales: implications for management, *Landscape Urban Plann.*, 23 (1993) 81

Sustainable development: conceptual issues, an operational model and its implications for Australia, *Landscape Urban Plann.*, 23 (1993) 107

### Austria

Assessment of the natural environment — a determinant of residential preferences?, *Urban Ecol.*, 7 (1983) 325

### Avifauna

*See* Wildlife

## B

### Bangladesh

Planning and designing new urban settlement on estuaries: Bangladesh, *Landscape Urban Plann.*, 21 (1991) 211

### Bank protection

The management of wave-spending vegetation as bank protection against boat wash, *Landscape Plann.*, 10 (1983) 15

### Bauxite mining

Rehabilitation after bauxite mining in south-western Australia, *Landscape Plann.*, 12 (1985) 75

### Beach resorts

Beach resorts: A model of development evolution, *Landscape Urban Plann.*, 21 (1991) 189

### Bedouins

The Bedouin of the Land of Israel — settlement and changes, *Urban Ecol.*, 4 (1980) 253

**Bedrock**

Geochemistry of bedrock; its effect on the planting and maintenance of roadcuts along the Bilbao–Behobia motorway (northern Spain), *Landscape Plann.*, 4 (1977) 173

**Belgium**

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

Landscape ecology and rural re-structuring in Belgium, *Landscape Urban Plann.*, 14 (1987) 415

**Benthem, Roelof Jan**

Biography: Roelof Jan Benthem, *Landscape Plann.*, 3 (1976) 351

**Biodiversity**

Applying biodiversity concepts to plantation forestry in northern Mediterranean landscapes, *Landscape Urban Plann.*, 24 (1993) 23

Biological diversity of Mediterranean landscapes in Israel through the deployment of nature reserves, *Landscape Urban Plann.*, 24 (1993) 39

Towards greater uniformity of species diversity studies in Mediterranean-type ecosystems, *Landscape Urban Plann.*, 24 (1993) 185

**Biological indicators**

Biological indicators on pollution, *Urban Ecol.*, 1 (1975) 63

Some effects of urban impact on the structure of lichen communities on trees in three deciduous woodlot types, *Urban Ecol.*, 1 (1975) 311

Lichen diversity and abundance as affected by traffic volume in an urban environment, *Urban Ecol.*, 2 (1977) 235

**Biomass utilization**

Ecological effects of harvesting biomass for energy in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 227

**Biotechnical engineering**

Biotechnical Engineering series. Urban Fringe series (Editorial Note), *Landscape Plann.*, 10 (1983) 1

The management of wave-spending vegetation as bank protection against boat wash, *Landscape Plann.*, 10 (1983) 15

Design in the river landscape, *Landscape Plann.*, 10 (1983) 31

The management of river vegetation with particular reference to shading effects of marginal vegetation, *Landscape Plann.*, 10 (1983) 147

**Brazil**

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

The role of cultural diversity and communal participation in wetland management in Brazil, *Landscape Urban Plann.*, 20 (1991) 61

**Brine discharge**

Vegetation re-establishment on a hardwood forest site denuded by brine, *Landscape Urban Plann.*, 17 (1989) 127

**Brooks**

Conservation of brooks in small watersheds: a case for planning, *Landscape Urban Plann.*, 19 (1990) 55

**Brown's landscapes**

Landscape Management: the conservation of a Capability Brown landscape — Harewood, Yorkshire, *Landscape Plann.*, 7 (1980) 121

**Bureau of Land Management**

A study of the reliability of the Bureau of Land Management visual resource assessment scheme (Short Communication), *Landscape Plann.*, 11 (1984) 161

**Bureaucracy**

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

**Burkina Faso**

Enhancing participation of local people: some basic principles and an example from Burkina Faso, *Landscape Urban Plann.*, 20 (1991) 151

**Business districts**

Environmental correlates of evaluative appraisals of central business district scenes, *Landscape Urban Plann.*, 14 (1987) 117

# C

**Classification systems**

Classification of coastal resources: a Mediterranean case study, *Landscape Urban Plann.*, 14 (1987) 399

**Cameroon**

Water resources management and health: general remarks and a case study from Cameroon, *Landscape Urban Plann.*, 20 (1991) 111

LEARN: a methodological challenge for rapid environmental assessment, *Landscape Urban Plann.*, 20 (1991) 173

**Camouflage**

Camouflage painting of steel lattice transmission towers, with particular reference to England and Wales, *Landscape Urban Plann.*, 14 (1987) 345

**Canada**

A typology for the urban ecosystem and its relationship to larger biogeographical landscape units, *Urban Ecol.*, 4 (1979) 11

The development of ecological (biophysical) land classification in Canada (Views and Ideas), *Landscape Plann.*, 4 (1977) 273

A limnological survey of eight waterfront marshes, *Urban Ecol.*, 5 (1981) 55

*See* Special Issue "Canada: Landscape Planning for People", *Landscape Plann.*, 6 (1979) 93–248

Recreation design alternatives for a disturbed urban landform, *Landscape Plann.*, 8 (1981) 31

A study of changing land uses in and around Toronto waterfront marshes, *Urban Ecol.*, 8 (1984) 313

Landscape planning policy in Vermont: an overview, *Landscape Plann.*, 8 (1981) 349

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

Effects of tree conservation in the urbanizing fringe of southern Ontario cities, *Urban Ecol.*, 9 (1986) 289

Forest harvesting and landscape assessment techniques in British Columbia, Canada, *Landscape Plann.*, 10 (1983) 239

Exurban development and land transformation: the case of Ontario, *Landscape Plann.*, 10 (1983) 335

Resource and economic considerations in the allocation of agricultural land in peri-urban areas: a Canadian perspective, *Landscape Plann.*, 10 (1983) 363

Government regulatory control of surface mining operations — new performance guideline models for progressive rehabilitation, *Landscape Plann.*, 12 (1985) 15

Preservation, parks and the vice-royalty: Lord Dufferin and Lord Grey in Canada, *Landscape Plann.*, 12 (1985) 141

Agricultural land as a real estate commodity: implications for farmland preservation in the North American urban fringe, *Landscape Plann.*, 12 (1985) 177

A sustainable society through sustainable development: towards a regional development strategy for Northern Quebec, *Landscape Plann.*, 12 (1985) 267

A microcomputer-based method for enhanced use of large land data systems in Canada, *Landscape Urban Plann.*, 13 (1986) 169

Sustaining landscapes: sustaining societies (Keynote Address), *Landscape Urban Plann.*, 13 (1986) 349

The suppression of native prairie by alien species introduced for revegetation, *Landscape Urban Plann.*, 17 (1989) 113

The dynamics of the forest landscape of Haut-Saint-Laurent (Quebec, Canada): interactions between biophysical factors, perceptions and policy, *Landscape Urban Plann.*, 25 (1993) 53

**Canopy cover**

Forest canopy cover and land use in four eastern United States cities, *Urban Ecol.*, 8 (1984) 55

**Carbon**

Nitrogen and carbon accretion on Ohio coal minesoils: influence of soil-forming factors, *Landscape Urban Plann.*, 17 (1989) 99

**Caribbean**

Landscape planning. The special case of islands, *Landscape Urban Plann.*, 13 (1986) 443

**Carrying capacity**

Changing scenic values and tourist carrying capacity of national parks. An Australian example, *Landscape Plann.*, 1 (1974) 35

Carrying capacity as a planning concept for national parks: available or desirable capacity?, *Landscape Plann.*, 2 (1976) 243

Urban carrying capacity and steady state considerations in planning for the Mekong Valley region, *Urban Ecol.*, 3 (1978) 1

Balancing human well-being and environmental carrying capacity in the quest for quality of life (Comments and Critiques), *Urban Ecol.*, 3 (1978) 289

A framework for estimating the consequence of alternative carrying capacity levels in Yosemite Valley, *Landscape Plann.*, 7 (1980) 151

A procedure for assessing recreational carrying capacity of coastal resort areas, *Landscape Urban Plann.*, 14 (1987) 331

***Casuarina* spp.**

Screening for salinity and waterlogging tolerance in five *Casuarina* species, *Landscape Urban Plann.*, 17 (1989) 331

**Centuriation**

Landscape ecology aspects in a territory centuriated in Roman times, *Landscape Urban Plann.*, 24 (1993) 77

**Child development**

Is this a good place to grow up in? Neighbourhood quality and children's evaluations, *Landscape Urban Plann.*, 14 (1987) 101

**Childrens playgrounds**

Childrens playgrounds in the Australian Capital Territory (Short Communication), *Landscape Plann.*, 2 (1976) 295

**Chile**

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

**China**

The aesthetics and education of landscape planning in China, *Landscape Urban Plann.*, 13 (1986) 481

**Chipmunks**

Chipmunks in residential environments (Short Communication), *Urban Ecol.*, 2 (1976) 173

**Citizen participation**

*See* Public involvement

**City centres**

Some environmental relationships between topography, built form, landscape and microclimate in Brisbane's city centre, *Urban Ecol.*, 3 (1978) 155

**Clear-cutting**

Forest harvesting and landscape assessment techniques in British Columbia, Canada, *Landscape Plann.*, 10 (1983) 239

**Climate**

*See* Meteorological conditions

**Coal mining**

A suitability matrix for selecting land use alternatives for reclaimed strip mined areas, *Landscape Plann.*, 4 (1977) 257

Energy use and production: agriculture and coal mining, *Landscape Plann.*, 10 (1983) 3

Economic trade-offs of coal mining on the prime farmland, *Landscape Plann.*, 10 (1983) 131

Reclamation planning for coal strip-mined lands in Montana, *Landscape Urban Plann.*, 14 (1987) 45

Long-term prospects for farm grassland and woodland on reclaimed coal spoil sites, *Landscape Urban Plann.*, 14 (1987) 131

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

The effect of nitrogen level and time of sowing on the establishment of white clover (*Trifolium repens*) on colliery spoil, *Landscape Urban Plann.*, 14 (1987) 369

Nitrogen and carbon accretion on Ohio coal minesoils: influence of soil-forming factors, *Landscape Urban Plann.*, 17 (1989) 99

Spatial variability in spoil sampling, *Landscape Urban Plann.*, 17 (1989) 121

Infiltration rates and erosion associated with reclaimed coal mine spoils in west central New Mexico, *Landscape Urban Plann.*, 17 (1989) 151

Seed reserves in stockpiled topsoil on a coal stripmine near Kemmerer, Wyoming, *Landscape Urban Plann.*, 17 (1989) 169

The practice of "approximate original contour" in the central Appalachians. I. Slope stability and erosion potential, *Landscape Urban Plann.*, 18 (1989) 127

The practice of "approximate original contour" in the central Appalachians. II. Economic and environmental consequences of an alternative, *Landscape Urban Plann.*, 18 (1989) 139

Reclamation of acid coal refuse, *Landscape Urban Plann.*, 20 (1991) 309

## Coastal ecosystems

Vegetation in coastal and stream-bank protection, *Landscape Plann.*, 8 (1981) 363

## Coastal landscapes

Land-use pressures in the coastal fringe of southern Queensland (Views and Ideas), *Landscape Plann.*, 2 (1975) 147

A technique for the definition of environmental geologic units and for evaluating their environmental value, *Landscape Plann.*, 3 (1976) 35

Visual landscape evaluation. A grid technique, *Landscape Plann.*, 3 (1976) 67

The impact of recreaction on the coast: the Lindsey County Council (Sandhills) Act, 1932, *Landscape Plann.*, 4 (1977) 53

Feasibility hypothesis for the Maritime Alps Natural Park, *Landscape Plann.*, 5 (1978) 109

Coastal sandmining and landscape rehabilitation in eastern Australia, *Landscape Plann.*, 6 (1979) 359

Environmental survey along the Santander–Unquera coastal strip, northern Spain, and assessment of its capacity for development, *Landscape Plann.*, 7 (1980) 23

Planning green spaces for seaside resorts developed on the Languedoc Roussillon coast, *Landscape Plann.*, 7 (1980) 281

A procedure for assessing recreational carrying capacity of coastal resort areas, *Landscape Urban Plann.*, 14 (1987) 331

Classification of coastal resources: a Mediterranean case study, *Landscape Urban Plann.*, 14 (1987) 399

A review of coastal dune stabilization in the Cape province of South Africa, *Landscape Urban Plann.*, 18 (1989) 55

Conservation of coastal lagoons in Ghana: the traditional approach, *Landscape Urban Plann.*, 20 (1991) 41

Integrating mangrove and swamp forests conservation with coastal lowland development; the Banyuasin Sembilang swamps case study, South Sumatra Province, Indonesia, *Landscape Urban Plann.*, 20 (1991) 85

## Community size

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

## Computing facilities

Life style mapping — a new planning and programming tool, *Urban Ecol.*, 2 (1976) 109

A computer model for land-use planning. Case study of a rural derelict area: Ayllón, Spain, *Landscape Plann.*, 3 (1976) 101

A visual information system and its use in urban planning, *Urban Ecol.*, 4 (1979) 29

PREVIEW: computer assistance for visual management of forested landscapes, *Landscape Plann.*, 4 (1977) 313

Data-intensive spatial sampling and multiple hierarchical clustering: methodological approaches toward cost/time efficiency in natural resource assessment, *Landscape Plann.*, 5 (1978) 1

Ecological segregation: a spatial clustering analysis, *Urban Ecol.*, 7 (1982) 47

"Greenchips". Computer aided landscape design — principles and practice (Conference Report), *Landscape Plann.*, 10 (1983) 79

A procedure for land capability analysis in southern Africa, based on computer overlay techniques, *Landscape Plann.*, 11 (1984) 269

A microcomputer-based method for enhanced use of large land data systems in Canada, *Landscape Urban Plann.*, 13 (1986) 169

The application of computer technology to landscape planning in United States National Forests, *Landscape Urban Plann.*, 13 (1986) 453

Computer-aided landscape planning: the medium is the message (Short Communication), *Landscape Urban Plann.*, 14 (1987) 79

Database for the New York State urban wildlife habitat inventory, *Landscape Urban Plann.*, 15 (1988) 23

Predicting daily use of urban forest recreation sites, *Landscape Urban Plann.*, 15 (1988) 127

An ecological approach to landscape planning using geographic information system technology, *Landscape Urban Plann.*, 15 (1988) 211

Computerization of landscape planning, *Landscape Urban Plann.*, 15 (1988) 279

An assessment of a rational approach to drawing up local government zoning schemes, *Landscape Urban Plann.*, 15 (1988) 303

Forest landscape: a method of amenity evaluation based on computer simulation, *Landscape Urban Plann.*, 18 (1989) 117

Toward a sustainable landscape with high visual preference and high ecologial integrity: the Loop Road in Acadia National Park, U.S.A., *Landscape Urban Plann.*, 19 (1990) 213

Approach to determine effective sampling size for urban street tree survey, *Landscape Urban Plann.*, 20 (1991) 277

The utility of fractal geometry in landscape design, *Landscape Urban Plann.*, 21 (1991) 81

*See* Special Issue "Data Visualization Techniques in Environmental Management" (Papers presented at a workshop on Data Visualization Techniques in Environmental Management, Las Vegas, NV, 7–10 May 1991), *Landscape Urban Plann.*, 21 (1992) 237–335

A method for creating precise low-cost landscape architecture simulations — combining computer-aided design with computer video-imaging techniques, *Landscape Urban Plann.*, 22 (1992) 11

## Conference reports

ISOCARP Congress 1975 in Edinburgh (Report), *Landscape Plann.*, 2 (1975) 69

IYF Symposium 1975: "Planning for Future Growth Alternatives" (Conference Report), *Landscape Plann.*, 2 (1975) 156

Planning and Development of the Tourist Industry Symposium 1975 — Planning for tourism seen imperative (Conference Report), *Landscape Plann.*, 2 (1975) 157

First International Conference on the History of Urban and Regional Planning, London (Great Britain) (Conference Report), *Landscape Plann.*, 5 (1978) 63

Alternative patterns of development and lifestyles (Conference Report), *Urban Ecol.*, 5 (1981) 137

The 14th International Seminar on National Parks and Equivalent Reserves 1979 (Conference Report), *Landscape Plann.*, 7 (1980) 131

20th Congress International Federation of Landscape Architects and Australian Institute of Landscape Architects (Conference Report), *Landscape Plann.*, 9 (1983) 305

The 4th World Wilderness Congress, Colorado, U.S.A. 11–18 September 1987 (News and Views), *Landscape Urban Plann.*, 17 (1989) 77

## Conservation

Urban conservation leadership and the wildlife resource, *Urban Ecol.*, 4 (1979) 1

Landscape Management: the conservation of a Capability Brown landscape — Harewood, Yorkshire, *Landscape Plann.*, 7 (1980) 121

Conservation planning for the countryside: a preliminary report of an experimental study of the Terni basin (Italy), *Landscape Plann.*, 7 (1980) 345

Agriculture in the national parks of England and Wales: a conservation viewpoint (Views and Ideas), *Landscape Plann.*, 7 (1980) 369

Mediterranean landscape evolution and degradation as multivariate biofunctions: theoretical and practical implications, *Landscape Plann.*, 9 (1982) 125

Conservation options for the Blackstone River Valley, *Landscape Urban Plann.*, 13 (1986) 81

Landscape Project. Landscape plan for the Nubia Museum of Aswan, *Landscape Urban Plann.*, 13 (1986) 231

Farmland conservation and farming landscapes in urban-centred regions: the case of the Ile-de-France region, *Landscape Urban Plann.*, 13 (1986) 251

The Federal Research Centre for Nature Conservation and Landscape Ecology: its functions and duties, *Landscape Urban Plann.*, 13 (1986) 471

Conservation designation in the Somerset levels: a study of local attitudes, *Landscape Urban Plann.*, 14 (1987) 451

Biotope mapping and nature conservation strategies in urban areas of the Federal Republic of Germany, *Landscape Urban Plann.*, 15 (1988) 39

Water and landscape in Madrid: possibilities and limitations, *Landscape Urban Plann.*, 16 (1988) 69

A path for the Palouse: an example of conservation and recreation planning, *Landscape Urban Plann.*, 17 (1989) 1

*See* Special Issue "Changing Agricultural Landscapes in Europe", *Landscape Urban Plann.*, 18 (1990) 179–352

Integrating mangrove and swamp forests conservation with coastal lowland development; the Banyuasin Sembilang swamps case study, South Sumatra Province, Indonesia, *Landscape Urban Plann.*, 20 (1991) 85

Planning for forest conservation in the Auckland region, New Zealand, *Landscape Urban Plann.*, 23 (1992) 55

Conservation planning within a framwork of landscape planning in Slovenia, *Landscape Urban Plann.*, 23 (1993) 233

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

The assessment of visual quality as a tool for the conservation of rural landscape diversity, *Landscape Urban Plann.*, 24 (1993) 105

The significance of humus forms for management and conservation of mediterranean landscapes, *Landscape Urban Plann.*, 24 (1993) 213

Criteria for the identification of a Red List of Mediterranean landscapes: three examples in Tuscany, *Landscape Urban Plann.*, 24 (1993) 233

## Conversion

The impact of local infrastructural and development policies on agricultural land alienation, *Landscape Plann.*, 9 (1983) 209

Saving California farmland: the politics of preservation, *Landscape Plann.*, 9 (1983) 249

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

Economic trade-offs of coal mining on the prime farmland, *Landscape Plann.*, 10 (1983) 131

Exurban development and land transformation: the case of Ontario, *Landscape Plann.*, 10 (1983) 335

Resource and economic considerations in the allocation of agricultural land in peri-urban areas: a Canadian perspective, *Landscape Plann.*, 10 (1983) 363

State farmland preservation programs within the Upper Mississippi River Basin: a comparison, *Landscape Plann.*, 12 (1986) 315

The effectiveness of zoning for agricultural lands protection: a case study from Cache County, Utah, *Landscape Urban Plann.*, 13 (1986) 45

The use of the agricultural land evaluation and site assessment system in the United States, *Landscape Urban Plann.*, 14 (1987) 183

Food from Indonesia's swamp forest: ideology or rationality?, *Landscape Urban Plann.*, 20 (1991) 95

## Copper mining

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

## Cork-oak forest

Model for a new sylvo-pastoral system in the Mamora cork-oak forest, *Landscape Urban Plann.*, 13 (1986) 55

## Countryside management

The future of the British countryside, *Landscape Plann.*, 2 (1975) 179

Fifty years of rural landscape planning in the Netherlands (Conference Report), *Landscape Plann.*, 2 (1975) 197

## Critical landscapes

Defining critical landscapes on Mexican ejidos, *Landscape Plann.*, 11 (1984) 109

## Cross-cultural landscape perception

Cross-cultural perceptions of scenic and heritage landscapes, *Landscape Plann.*, 8 (1981) 69

Cultural and sub-cultural comparisons in preferences for natural settings, *Landscape Urban Plann.*, 14 (1987) 281

Ethnicity and preference for natural settings: a review and recent findings, *Landscape Urban Plann.*, 15 (1988) 107

The perception of landscape style: a cross-cultural comparison, *Landscape Urban Plann.*, 19 (1990) 251

## Cultural conservation

Landscape Project. Landscape plan for the Nubia Museum of Aswan, *Landscape Urban Plann.*, 13 (1986) 231

## Cultural evolution

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

Cultural evolution of ecological prudence, *Landscape Plann.*, 12 (1985) 285

Religion and environmental attitudes. Cause and effects? (News and Views), *Landscape Plann.*, 12 (1985) 311

**Cultural identity**

Utilizing history to establish cultural and physical identity in the landscape, *Landscape Plann.*, 6 (1979) 179

***Cynodondactylon***

Environmental stress resistance and propagation studies of six *Cynodon dactylon* strains to assess reclamation suitability, *Landscape Urban Plann.*, 19 (1990) 281

# D

**Data Visualization Techniques**

*See* Special Issue "Data Visualization Techniques in Environmental Management", *Landscape Urban Plann.*, 21 (1992) 237–335

**Decentralisation**

Yugoslav experience in the decentralisation of urban and regional planning systems (Short Communication), *Landscape Urban Plann.*, 14 (1987) 441

**Deforestation**

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

Fuel-wood consumption in the Hyderabad metropolitan area, *Landscape Urban Plann.*, 14 (1987) 31

**Democracy**

Art, science, technology, democracy and the landscape, *Landscape Plann.*, 1 (1974) 51

**Demography**

Problems of depopulation of rural areas in Poland after 1950, *Landscape Urban Plann.*, 22 (1992) 161

National-, regional- and urban-scale population deconcentration in West Germany, *Landscape Urban Plann.*, 22 (1992) 219

**Denmark**

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

The elaboration of drainage class maps for agricultural planning in Denmark, *Landscape Urban Plann.*, 13 (1986) 199

Heterogeneity in agriculture and landscape: from segregation to integration, *Landscape Urban Plann.*, 18 (1990) 221

The landscape of agriculture. Planning and regulation of agricultural landscapes in the European Community, *Landscape Urban Plann.*, 22 (1992) 17

**Desert landscapes**

Microclimate and recreational value of tree plantings in deserts, *Landscape Plann.*, 1 (1974) 329

**Developing world, general**

Housing the poor: the task ahead in developing countries, *Urban Ecol.*, 2 (1977) 305

Integrated farming system, *Landscape Plann.*, 12 (1985) 257

People's participation in environmental projects in developing countries, *Landscape Urban Plann.*, 20 (1991) 129

The administration of physical planning in Nigeria: the Ondo State experience, *Landscape Urban Plann.*, 25 (1993) 115

**Differential taxation assessment**

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

**Diseases**

*See* Health

**Dog litter**

Stimulus control and modeling strategies for controlling urban dog litter, *Urban Ecol.*, 9 (1985) 63

**Dominican Republic**

Needs for landscape planning: landscape and environmental problems in the Dominican Republic, *Landscape Urban Plann.*, 13 (1986) 419

### Drainage

The elaboration of drainage class maps for agricultural planning in Denmark, *Landscape Urban Plann.*, 13 (1986) 199

Screening for salinity and waterlogging tolerance in five *Casuarina* species, *Landscape Urban Plann.*, 17 (1989) 331

Integrating storm-water management concept for the development of the Kuantu Plain in the city of Taipei, *Landscape Urban Plann.*, 18 (1989) 37

### Drinking water

Nitrate as a consideration in planning future land uses, *Landscape Plann.*, 8 (1981) 121

### Dune stabilisation

A review of coastal dune stabilization in the Cape province of South Africa, *Landscape Urban Plann.*, 18 (1989) 55

## E

### Earthquake hazard

Urban earthquake hazard in developing countries: squatter settlements and the outlook for Turkey, *Urban Ecol.*, 4 (1980) 317

### Easements

Easements as a development control in the United States, *Landscape Plann.*, 10 (1983) 43

The history and use of purchase of development rights in the United States, *Landscape Urban Plann.*, 14 (1987) 237

### Ecological evaluation

Ecological evaluation techniques, *Landscape Plann.*, 12 (1986) 403

### Ecological land classification

An appraisal of inter-disciplinary resource surveys (ecological land classification), *Landscape Plann.*, 10 (1983) 317

### Ecology, general

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

A philosophical approach to landscape planning, *Landscape Plann.*, 1 (1974) 339

Ecological landscape inventories and evaluation, *Landscape Plann.*, 2 (1975) 37

Human ecology and the quality of life, *Urban Ecol.*, 3 (1978) 263

The Hazleton ecological land planning study. Human adaptations in a rural and urban environment: The basis for possible future land use patterns, *Landscape Plann.*, 3 (1976) 303

Eco-engineering — an ecological approach of land reclamation and improvement to landscape environment, *Landscape Plann.*, 4 (1977) 73

Landscape ecology and stability of populations, *Landscape Plann.*, 4 (1977) 85

Ecological planning: method and evaluation, *Landscape Plann.*, 4 (1977) 185

Ecological evaluation using biological habitats — an appraisal, *Landscape Plann.*, 5 (1979) 263

Toward a synthesis of mountains, people, and institutions, *Landscape Plann.*, 6 (1979) 109

Guest editorial: human ecological planning — methods and studies, *Landscape Plann.*, 8 (1981) 107

Human ecological planning at Pennsylvania, *Landscape Plann.*, 8 (1981) 109

Variation in epiphytic microcommunities (tardigrade–lichen–bryophyte assemblages) of the Cincinnati, Ohio area, *Urban Ecol.*, 9 (1985) 45

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

"Ecology of the Urban Forest" — Introduction to Part II, *Urban Ecol.*, 9 (1986) 229

Ecological principles and land reclamation practice, *Landscape Plann.*, 11 (1984) 35

Achieving the sustainable use of species and ecosystems, *Landscape Plann.*, 12 (1985) 211

Guidelines for landscape synthesis: some directions — old and new, *Landscape Urban Plann.*, 14 (1987) 295

Suggested hierarchy of criteria for multi-scale ecosystem mapping, *Landscape Urban Plann.*, 14 (1987) 313

An ecological approach to landscape planning using geographic information system technology, *Landscape Urban Plann.*, 15 (1988) 211

The role of ecology in planning: some misconceptions, *Landscape Urban Plann.*, 15 (1988) 291

The role of ecology in planning: a comment by Tom Turner on R.E. Daniels, *Landscape Urban Plann.*, 15 (1988) 301

Prehistory and planning on the moorlands of England and Wales, *Landscape Urban Plann.*, 17 (1989) 251

The practice of "approximate original contour" in the central Appalachians. II. Economic and environmental consequences of an alternative, *Landscape Urban Plann.*, 18 (1989) 139

Development of Mediterranean agriculture: an ecological approach, *Landscape Urban Plann.*, 18 (1990) 211

*See* Special Issue "Landscape Ecology"(A selection of papers presented at a Symposium on Landscape Ecology: Planning and Design Implications, Tempe, AZ, 15–17 February 1990), *Landscape Urban Plann.*, 21 (1991) 1–145

Ecological development of field corner tree plantations on arable land, *Landscape Urban Plann.*, 22 (1992) 59

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

Landscape ecology aspects in a territory centuriated in Roman times, *Landscape Urban Plann.*, 24 (1993) 77

Tima lags between spatial pattern changes and species distribution changes in dynamic landscapes, *Landscape Urban Plann.*, 24 (1993) 161

## Economics

Cassandra and the horn of plenty: ecological and thermodynamic constraints and economic goals, *Urban Ecol.*, 2 (1976) 15

Economic growth, lifestyle preferences, and urban size, *Urban Ecol.*, 2 (1977) 259

Regional socioeconomic impacts of declining net energy, *Urban Ecol.*, 3 (1978) 101

Geochemistry of bedrock; its effect on the planting and maintenance of roadcuts along the Bilbao–Behobia motorway (northern Spain), *Landscape Plann.*, 4 (1977) 173

Urban environmental planning and alternative technology: a speculative discussion, *Urban Ecol.*, 5 (1981) 1

Green agreements and green plans for metropolitan areas — an example: Dijon, *Landscape Plann.*, 7 (1980) 235

Fostering public awareness of the landscape during the preparation of a rural development plan for the Argonne region, *Landscape Plann.*, 7 (1980) 263

Economic trade-offs of coal mining on the prime farmland, *Landscape Plann.*, 10 (1983) 131

Resource and economic considerations in the allocation of agricultural land in peri-urban areas: a Canadian perspective, *Landscape Plann.*, 10 (1983) 363

On the economic efficiency of national parks. A review article (News and Views), *Landscape Plann.*, 11 (1984) 253

The reclamation of derelict land for agriculture: technical economic and land-use planning issues, *Landscape Plann.*, 12 (1985) 49

Policy preferences and social economic values to resolve pastoralism–tourism conflicts, *Landscape Plann.*, 12 (1986) 387

Valuation of urban parks, *Landscape Urban Plann.*, 15 (1988) 139

Influence of trees on residential property values in Athens, Georgia (U.S.A.): a survey based on actual sales prices, *Landscape Urban Plann.*, 15 (1988) 153

Agricultural productivity in densely populated areas, *Landscape Urban Plann.*, 16 (1988) 311

Farmland preservation: the role of off-farm income, *Landscape Urban Plann.*, 16 (1988) 357

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The practice of "approximate original contour" in the central Appalachians. II. Economic and environmental consequences of an alternative, *Landscape Urban Plann.*, 18 (1989) 139

Abandoned farmlands in France, *Landscape Urban Plann.*, 18 (1990) 229

Mussel fishery in the international Wadden Sea, consistent with "wise use"?, *Landscape Urban Plann.*, 20 (1991) 27

Ecological, economic and social aspects of natural and man-made bulrush (*Scirpus lacustris* L.) wetlands in The Netherlands, *Landscape Urban Plann.*, 20 (1991) 33

A general appraisal of consumptive wildlife utilization in Zambia, *Landscape Urban Plann.*, 20 (1991) 163

Scale economics: ecological theory and planning practice in urban landscapes, *Landscape Urban Plann.*, 21 (1991) 21

Public welfare and the economics of landscape aesthetics, *Landscape Urban Plann.*, 22 (1992) 31

Accounting for benefits and costs of urban greenspace, *Landscape Urban Plann.*, 22 (1992) 41

The world has changed: can planning change?, *Landscape Urban Plann.*, 22 (1992) 73

The impact of economic restructuring on the spatial pattern of urbanization in Poland, *Landscape Urban Plann.*, 22 (1992) 115

International finance, Europe 1992, and Euro-American cities, *Landscape Urban Plann.*, 22 (1992) 255

Europe 1992, part of a process, *Landscape Urban Plann.*, 22 (1992) 269

Heading for a post-modern landscape — Portuguese trends in the reconciliation of environmental quality and landscape planning with economic development, *Landscape Urban Plann.*, 23 (1993) 183

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

## Ecosystem mapping

Suggested hierarchy of criteria for multi-scale ecosystem mapping, *Landscape Urban Plann.*, 14 (1987) 313

## Editorials

Developing an ecological framework for the planning of human settlements (Editorial), *Urban Ecol.*, 1 (1975) 1

Landscape Planning — aims and scope of a new journal (Editorial), *Landscape Plann.*, 1 (1974) 1

Editor's Note, *Urban Ecol.*, 1 (1975) 127

Retrospect and prospect after two years' work on a new journal (Editorial), *Landscape Plann.*, 3 (1976) 1

Experiment in synopsis publishing (Editorial), *Landscape Plann.*, 3 (1976) 147

Editorial, *Urban Ecol.*, 5 (1981) 79

Guest editorial: human ecological planning — methods and studies, *Landscape Plann.*, 8 (1981) 107

Landscape projects (Editorial Note), *Landscape Plann.*, 9 (1983) 177

Biotechnical Engineering series. Urban Fringe series (Editorial Note), *Landscape Plann.*, 10 (1983) 1

Landscape and urban planning (Editorial), *Landscape Urban Plann.*, 13 (1986) 165

## Education and training

Problems and objectives of landscape architecture and landscape planning in the German Democratic Republic, *Landscape Plann.*, 2 (1975) 1

Recommendations for a new Spanish Institute of Environmental Analysis, *Landscape Plann.*, 2 (1975) 31

A system analysis approach to landscape planning: an experiment in interdisciplinary education (Views and Ideas), *Landscape Plann.*, 4 (1977) 276

Landscape education in France, *Landscape Plann.*, 7 (1980) 229

Landscape planning: the need to train specialists (News and Views), *Landscape Plann.*, 11 (1984) 73

Comment on T.D.H. Turner, "Landscape planning: the need to train specialists" (News and Views), *Landscape Plann.*, 11 (1984) 81

The teaching of landscape architecture and the need to develop landscape planning as a specialism (News and Views), *Landscape Plann.*, 11 (1984) 243

Comment on A.R. Beer, "The teaching of landscape architecture and the need to develop landscape planning as a specialism" (News and Views), *Landscape Plann.*, 11 (1984) 251

Comment on Anne R. Beer. "The teaching of landscape architecture and the need to develop landscape planning as a specialism" (News and Views), *Landscape Plann.*, 11 (1984) 337

*See* Special Issue "World Conference on Education for Landscape Planning", Cambridge, MA, 24–26 March 1986, *Landscape Urban Plann.*, 13 (1986) 329–486

Educational response to differences in environmental attitudes among lake fishermen, *Landscape Urban Plann.*, 20 (1991) 167

## Egypt

Landscape Project. Landscape plan for the Nubia Museum of Aswan, *Landscape Urban Plann.*, 13 (1986) 231

## E.I.S.

Local Environmental Sensitivity Analysis (LESA): A program to improve the preparation of environmental impact statements, *Landscape Plann.*, 2 (1976) 229

## Energy efficiency

Energy efficiency and equity of various land use patterns, *Urban Ecol.*, 7 (1982) 1

**Energy production**

Energy use and production: agriculture and coal mining, *Landscape Plann.*, 10 (1983) 3

**Energy resources**

Regional socioeconomic impacts of declining net energy, *Urban Ecol.*, 3 (1978) 101

Ecological effects of harvesting biomass for energy in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 227

**Energy use**

Energy use in Hong Kong: Part I. An overview, *Urban Ecol.*, 1 (1975) 87

Energy use in Hong Kong: Part II. Sector end-use analysis, *Urban Ecol.*, 1 (1975) 285

Energy use in Hong Kong: Part III. Spatial and temporal patterns, *Urban Ecol.*, 2 (1976) 139

Application of energy use studies in policy formulation — a review of the articles "Energy use in Hong Kong, Part I and Part II" by Ken Newcombe (Comments and Critiques), *Urban Ecol.*, 2 (1976) 179

Energy use and the atmospheric environment in Hong Kong: Part I. Inventory of air pollutant emissions and prediction of ground-level concentrations of $SO_2$ and CO, *Urban Ecol.*, 3 (1978) 29

Energy use and the atmospheric environment in Hong Kong: Part II. Waste heat, land use and urban climate, *Urban Ecol.*, 3 (1978) 59

Recreational planning for energy conservation, *Urban Ecol.*, 3 (1978) 111

The effect of urban form on transport energy patterns, *Urban Ecol.*, 3 (1978) 125

Energy use in Hong Kong: Part IV. Socioeconomic distribution, patterns of personal energy use, and the energy slave syndrome, *Urban Ecol.*, 4 (1979) 179

Domestic energy use in Australian cities, *Urban Ecol.*, 7 (1982) 19

Fuel-wood consumption in the Hyderabad metropolitan area, *Landscape Urban Plann.*, 14 (1987) 31

**Environmental assessment**

An environmental assessment procedure for shopping centres, *Urban Ecol.*, 7 (1983) 185

LEARN: a methodological challenge for rapid environmental assessment, *Landscape Urban Plann.*, 20 (1991) 173

**Environmental impact analysis**

Visibility analysis of mining and waste tipping sites — a review, *Landscape Urban Plann.*, 13 (1986) 101

Polyfunctional landscape evaluation — aims and methods, *Landscape Urban Plann.*, 13 (1986) 135

Assessing the impacts of policy: a framework and an application, *Landscape Urban Plann.*, 14 (1987) 321

**Environmental impact assessment**

Local Environmental Sensitivity Analysis (LESA): A program to improve the preparation of environmental impact statements, *Landscape Plann.*, 2 (1976) 229

A simplified method for quantifying environmental impacts in the landscape planning/design process, *Landscape Plann.*, 9 (1983) 227

Environmental impact assessment and New Town planning in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 253

Sustainable development in professional planning: a potential contribution of the EIA and UET concepts, *Landscape Urban Plann.*, 19 (1990) 307

*See* Special Issue "Landscape Planning and Environmental Impact Statements Process in Mediterranean Europe" (Proceedings of the Meeting: Jornadas Internacionales Sobre el Paisaje del Agua, Canal de Isabel II, Madrid, 8–10 October 1986), *Landscape Urban Plann.*, 23 (1993) 153–237

**Environmental management**

*See* Special Issue "Data Visualization Techniques in Environmental Management" (Papers presented at a workshop on Data Visualization Techniques in Environmental Management, Las Vegas, NV, 7–10 May 1991), *Landscape Urban Plann.*, 21 (1992) 237–335

**Environmental perception**

*See* Special Issue "Perception and the Environment", *Urban Ecol.*, 4 (1979) 93–177

**Environmental planning**

A decision-centred view of environmental planning, *Landscape Plann.*, 12 (1985) 239

**Environmental thresholds**

Assimilative capacity and water resource management: four examples from the United States, *Landscape Urban Plann.*, 19 (1990) 17

Sustainable development in professional planning: a potential contribution of the EIA and UET concepts, *Landscape Urban Plann.*, 19 (1990) 307

### Environmentally sensitive areas

Environmentally sensitive areas, *Landscape Urban Plann.*, 18 (1990) 235

Hierarchy and subsidy-stress as a theoretical basis for managing environmentally sensitive areas, *Landscape Urban Plann.*, 21 (1991) 31

### Enzyme activities

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

### Erosion

Vegetation in coastal and stream-bank protection, *Landscape Plann.*, 8 (1981) 363

Erosional impacts of trails in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 8 (1981) 387

Evaluation of trail erosion in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 12 (1985) 29

Infiltration rates and erosion associated with reclaimed coal mine spoils in west central New Mexico, *Landscape Urban Plann.*, 17 (1989) 151

The practice of "approximate original contour" in the central Appalachians. I. Slope stability and erosion potential, *Landscape Urban Plann.*, 18 (1989) 127

### Estuarine landscapes

Planning and designing new urban settlement on estuaries: Bangladesh, *Landscape Urban Plann.*, 21 (1991) 211

### Ethnicity

Ethnicity and preference for natural settings: a review and recent findings, *Landscape Urban Plann.*, 15 (1988) 107

### Ethology

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

In quest of "natural man": human behaviour and design (Comments and Critiques), *Urban Ecol.*, 3 (1978) 189

A response to William E. Rees; "In quest of 'natural man': human behavior and design" (Comments and Critiques), *Urban Ecol.*, 3 (1978) 371

Wayfinding: a conceptual framework, *Urban Ecol.*, 5 (1981) 17

Hunting or a sheltered life: prospects and refuges reviewed, *Landscape Urban Plann.*, 22 (1992) 53

### *Eucalyptus camaldulensis*

Microclimate and recreational value of tree plantings in deserts, *Landscape Plann.*, 1 (1974) 329

### *Eucalyptus* plantations

The long-term effect of *Eucalyptus* plantations on tin-mine spoil and its implication for reclamation, *Landscape Urban Plann.*, 17 (1989) 47

### Evolution

Biological aspects of life's quality in modern environments (Comments and Critiques), *Urban Ecol.*, 3 (1978) 292

The quality of life concept — transitions from the garden to the gardener (Comments and Critiques), *Urban Ecol.*, 3 (1978) 315

## F

### Farmland

*See* Agricultural lands

### Fauna, general

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

### Fertilizers

The effect of nitrogen level and time of sowing on the establishment of white clover (*Trifolium repens*) on colliery spoil, *Landscape Urban Plann.*, 14 (1987) 369

### Finland

Tapiola: model, myth, or happenstance? A personal investigation, *Urban Ecol.*, 1 (1975) 5

Tapiola: an unique experimental design separating socioeconomic class from housing and community environmental factors in health and well-being. A methodological note, *Urban Ecol.*, 2 (1976) 55

## Fire hazards

Vegetation burning and forest reservation in a segment of the forest–savanna mosaic of Nigeria: a preliminary investigation, *Landscape Plann.*, 1 (1974) 81

Vegetation conversion for fire control in Los Angeles, *Urban Ecol.*, 2 (1976) 119

Fire in the Australian landscape, *Landscape Plann.*, 6 (1979) 343

The risk perceptions and policy response toward wildland fire hazards by urban home-owners, *Landscape Urban Plann.*, 14 (1987) 163

Deriving dynamic information on fire fuel distributions in southern Californian chaparral from remotely sensed data, *Landscape Urban Plann.*, 24 (1993) 113

Sensitivity of fire occurrence to meteorological variables in Mediterranean and Atlantic areas of Spain, *Landscape Urban Plann.*, 24 (1993) 129

## Fiscal aspects

Intercommunity distribution of tax and land value impacts of air pollution, *Urban Ecol.*, 7 (1983) 125

## Fisheries

Water for amenity and recreation: legal constraints on planning and management for the River Wye, *Landscape Urban Plann.*, 16 (1988) 105

Mussel fishery in the international Wadden Sea, consistent with "wise use"?, *Landscape Urban Plann.*, 20 (1991) 27

Conservation of coastal lagoons in Ghana: the traditional approach, *Landscape Urban Plann.*, 20 (1991) 41

Educational response to differences in environmental attitudes among lake fishermen, *Landscape Urban Plann.*, 20 (1991) 167

## Flowering

Phenology of some tropical woody landscape species in Kumasi, Ghana. I. Observations on flowering, *Landscape Urban Plann.*, 17 (1989) 205

## Forest islands

Wildlife and greenspace planning in medium-scale residential developments, *Urban Ecol.*, 7 (1983) 201

The development of forest islands in exurban central New York State, *Landscape Urban Plann.*, 13 (1986) 111

Characteristics of urban woodlands affecting breeding bird diversity and abundance, *Landscape Urban Plann.*, 14 (1987) 481

## Forests

Vegetation burning and forest reservation in a segment of the forest–savanna mosaic of Nigeria: a preliminary investigation, *Landscape Plann.*, 1 (1974) 81

Urban forest development: A case study, Menlo Park, California, *Urban Ecol.*, 2 (1976) 1

Forests near Moscow as territories of mass recreaction and tourism, *Urban Ecol.*, 2 (1977) 371

Visual screening potential of forest vegetation, *Urban Ecol.*, 4 (1979) 207

PREVIEW: computer assistance for visual management of forested landscapes, *Landscape Plann.*, 4 (1977) 313

Survey and analysis for forestry and soil protection in Italy, *Landscape Plann.*, 5 (1978) 181

Visual resource management of Victoria's forests: a new concept for Australia, *Landscape Plann.*, 6 (1979) 313

The compatibility of conifer afforestation with the landscape of the Monts d'Arrée region, *Landscape Plann.*, 7 (1980) 295

*See* Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 1–178

Preface to Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 3

Impact of road building, urbanisation and general infrastructural development on the Nigerian rainforest ecosystem, *Landscape Plann.*, 8 (1981) 21

Neighborhoods as stands in the urban forest, *Urban Ecol.*, 8 (1984) 229

Estimating satisfaction levels for a city's vegetation, *Urban Ecol.*, 8 (1984) 269

Influence of adjacent land use on understory vegetation of New York forests, *Urban Ecol.*, 8 (1984) 329

Forest area characteristics for metropolitan and nonmetropolitan counties of three northeastern states of the United States, *Urban Ecol.*, 8 (1984) 341

*See* Special Issue "Ecology of the Urban Forest, Part II: Function", *Urban Ecol.*, 9 (1986) 227–434

Forest harvesting and landscape assessment techniques in British Columbia, Canada, *Landscape Plann.*, 10 (1983) 239

The scenic value of the forest landscape as assessed in the field and the labortory, *Landscape Plann.*, 11 (1984) 97

Model for a new sylvo-pastoral system in the Mamora cork-oak forest, *Landscape Urban Plann.*, 13 (1986) 55

The development of forest islands in exurban central New York State, *Landscape Urban Plann.*, 13 (1986) 111

The application of computer technology to landscape planning in United States National Forests, *Landscape Urban Plann.*, 13 (1986) 453

Long-term prospects for farm grassland and woodland on reclaimed coal spoil sites, *Landscape Urban Plann.*, 14 (1987) 131

Public response to differences between visually distinguishable forest stands in a recreation area, *Landscape Urban Plann.*, 14 (1987) 211

*See* Special Issue "Urban Forest Ecology", *Landscape Urban Plann.*, 15 (1988) 1–349

A community forestry planning process: case study of citizen participation, *Landscape Urban Plann.*, 15 (1988) 185

Forest decline in Baden-Württemberg, *Landscape Urban Plann.*, 16 (1988) 45

Threats to woodland in an urban landscape: a case study in Greater London, *Landscape Urban Plann.*, 16 (1988) 221

Simulation as a tool in designing forest landscape, *Landscape Urban Plann.*, 16 (1988) 253

Vegetation re-establishment on a hardwood forest site denuded by brine, *Landscape Urban Plann.*, 17 (1989) 127

Forest landscape: a method of amenity evaluation based on computer simulation, *Landscape Urban Plann.*, 18 (1989) 117

Integrating mangrove and swamp forests conservation with coastal lowland development; the Banyuasin Sembilang swamps case study, South Sumatra Province, Indonesia, *Landscape Urban Plann.*, 20 (1991) 85

Food from Indonesia's swamp forest: ideology or rationality?, *Landscape Urban Plann.*, 20 (1991) 95

Sustainable development of mangroves, *Landscape Urban Plann.*, 20 (1991) 103

Forest edges associated with power-line corridors and implications for corridor siting, *Landscape Urban Plann.*, 20 (1991) 315

Future for visualization through the integrated forest resource management system (INFORMS), *Landscape Urban Plann.*, 21 (1992) 277

SYLVATICA: an integrated framework for forest landscape simulation, *Landscape Urban Plann.*, 21 (1992) 281

Scientific visualization for the study and use of forest stand simulators, *Landscape Urban Plann.*, 21 (1992) 317

Forest visual resources and pest management: potential applications of visualization technology, *Landscape Urban Plann.*, 21 (1992) 319

Planning for forest conservation in the Auckland region, New Zealand, *Landscape Urban Plann.*, 23 (1992) 55

Seveso Oak Forest: the gradual reconstruction of an area contaminated by TCDD, *Landscape Urban Plann.*, 23 (1993) 221

Applying biodiversity concepts to plantation forestry in northern Mediterranean landscapes, *Landscape Urban Plann.*, 24 (1993) 23

Crown structure modifications in relation to air pollution, *Landscape Urban Plann.*, 24 (1993) 167

Inventory of forest damage in Tuscany (1987–1990). Preliminary considerations, *Landscape Urban Plann.*, 24 (1993) 175

The dynamics of the forest landscape of Haut-Saint-Laurent (Quebec, Canada): interactions between biophysical factors, perceptions and policy, *Landscape Urban Plann.*, 25 (1993) 53

## France

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

*See* Special Issue "Landscape Planning in France: Policy Framing and the Use of Specific Practices to Reduce the Negative Effects of Development on the Quality of Urban, Suburban and Rural Landscapes", *Landscape Plann.*, 7 (1980) 195–311

Landscape project. "Remembrement": landscape consolidation in France, *Landscape Plann.*, 11 (1984) 235

Farmland conservation and farming landscapes in urban-centred regions: the case of the Ile-de-France region, *Landscape Urban Plann.*, 13 (1986) 251

Abandoned farmlands in France, *Landscape Urban Plann.*, 18 (1990) 229

Rural society and protected area: which dialogue? The case study of Cevennes National Park and Biosphere Reserve (France), *Landscape Urban Plann.*, 19 (1990) 173

The Camargue: in search of a new equilibrium between man and nature, *Landscape Urban Plann.*, 20 (1991) 263

Changes in landscape patterns and vegetation dynamics in Provence, France, *Landscape Urban Plann.*, 24 (1993) 153

### Fuel-wood consumption

Fuel-wood consumption in the Hyderabad metropolitan area, *Landscape Urban Plann.*, 14 (1987) 31

### Fuel-wood production

A plantation technique for salt-affected soils with shallow water table (technical note), *Landscape Urban Plann.*, 14 (1987) 445

### Functionalism

Landscape planning: functionalism as a motivating concept from landscape ecology and human ecology, *Landscape Urban Plann.*, 21 (1991) 13

## G

### Garden festivals

British garden festivals: the first eight years, *Landscape Urban Plann.*, 18 (1989) 17

### Gardens

Gardens for stepped terrace housing, *Urban Ecol.*, 1 (1975) 49

Adolph Strauch, father of the lawn plan, *Landscape Plann.*, 2 (1976) 283

The private garden in England and Wales, *Landscape Plann.*, 9 (1982) 105

Tree damage in Darwin parks and gardens during Cyclones Tracy and Max, *Landscape Plann.*, 10 (1983) 89

Landscape project. Reclamation and landform design. The Liverpool International Garden Festival, *Landscape Plann.*, 11 (1984) 327

Woody vegetation in settlements, *Landscape Urban Plann.*, 14 (1987) 57

### Genetic diversity

Preserving genetic diversity: a legal review, *Landscape Plann.*, 12 (1985) 221

### Geochemistry

Geochemistry of bedrock; its effect on the planting and maintenance of roadcuts along the Bilbao–Behobia motorway (northern Spain), *Landscape Plann.*, 4 (1977) 173

### Geographic information systems

An ecological approach to landscape planning using geographic information system technology, *Landscape Urban Plann.*, 15 (1988) 211

Using geographic information systems to assess conflicts between agriculture and development, *Landscape Urban Plann.*, 16 (1988) 333

Rural land use and demographic change in a rapidly urbanizing environment, *Landscape Urban Plann.*, 16 (1988) 345

A conceptual and historical basis for spatial analysis, *Landscape Urban Plann.*, 17 (1989) 313

The transformation of the Mediterranean landscapes: an experience of 25 years of observations, *Landscape Urban Plann.*, 24 (1993) 3

### Geology

A technique for the definition of environmental geologic units and for evaluating their environmental value, *Landscape Plann.*, 3 (1976) 35

### Geomorphology

The application of a method for terrain analysis to functional land-capability assessment and aesthetic landscape appreciation, *Landscape Plann.*, 8 (1981) 269

Quantitative study of fluvial landscapes. Case study in Madrid, Spain, *Landscape Urban Plann.*, 16 (1988) 201

### German Democratic Republic

Problems and objectives of landscape architecture and landscape planning in the German Democratic Republic, *Landscape Plann.*, 2 (1975) 1

Landscape planning education in European socialist countries (Educational Survey), *Landscape Urban Plann.*, 13 (1986) 359

## Germany

Bergkamen communal tip: Extracts from the explanatory report to the landscape plan, *Landscape Plann.*, 2 (1976) 249

The development of landscape planning in Germany, *Landscape Plann.*, 3 (1976) 391

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

A preliminary attempt at a thermal division of the town of Münster (North Rhine–Westphalia, West Germany) on a floral and vegetational basis, *Urban Ecol.*, 7 (1983) 255

## Holistic approach

Ekistics and energetics: a sustainable future planning approach (Short Communication), *Urban Ecol.*, 4 (1979) 227

Man and the biosphere: an amplified ecological vision, *Landscape Plann.*, 5 (1987) 193

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

The perception of dimensions of space and levels of infrastructure and its application in landscape planning, *Landscape Plann.*, 12 (1986) 337

Landscape planning: functionalism as a motivating concept from landscape ecology and human ecology, *Landscape Urban Plann.*, 21 (1991) 13

The transformation of the Mediterranean landscapes: an experience of 25 years of observations, *Landscape Urban Plann.*, 24 (1993) 3

Nature experience in transactional perspective, *Landscape Urban Plann.*, 25 (1993) 17

## Hong Kong

Integrated ecological studies on human settlements (Report), *Urban Ecol.*, 1 (1975) 81

Energy use in Hong Kong: Part I. An overview, *Urban Ecol.*, 1 (1975) 87

Energy use in Hong Kong: Part II. Sector end-use analysis, *Urban Ecol.*, 1 (1975) 285

Energy use in Hong Kong: Part III. Spatial and temporal patterns, *Urban Ecol.*, 2 (1976) 139

Water resources and consumption in Hong Kong, *Urban Ecol.*, 2 (1977) 327

Energy use and the atmospheric environment in Hong Kong: Part I. Inventory of air pollutant emissions and prediction of ground-level concentrations of $SO_2$ and CO, *Urban Ecol.*, 3 (1978) 29

Energy use and the atmospheric environment in Hong Kong: Part II. Waste heat, land use and urban climate, *Urban Ecol.*, 3 (1978) 59

Energy use in Hong Kong: Part IV. Socioeconomic distribution, patterns of personal energy use, and the energy slave syndrome, *Urban Ecol.*, 4 (1979) 179

The status and prospects of urban trees in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 1

Environmental impact assessment and New Town planning in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 253

Trees and landscape of a suburban residential neighbourhood in Hong Kong, *Landscape Urban Plann.*, 23 (1993) 119

## Household relocation

Absorption correlates of relocated households, *Urban Ecol.*, 7 (1983) 239

## Housing preferences

Tapiola: an unique experimental design separating socioeconomic class from housing and community environmental factors in health and well-being. A methodological note, *Urban Ecol.*, 2 (1976) 55

**Housing programmes**

Gardens for stepped terrace housing, *Urban Ecol.*, 1 (1975) 49

Housing the poor: the task ahead in developing countries, *Urban Ecol.*, 2 (1977) 305

Evaluation and options for improvement of the environment in a slum upgrading project in Nairobi, Kenya, *Landscape Urban Plann.*, 18 (1989) 153

Urban and rural housing characteristics of Poland, *Landscape Urban Plann.*, 22 (1992) 153

**Human ecology**

An applied human ecological approach to regional planning, *Landscape Plann.*, 5 (1979) 241

Guest editorial: human ecological planning — methods and studies, *Landscape Plann.*, 8 (1981) 107

Human ecological planning at Pennsylvania, *Landscape Plann.*, 8 (1981) 109

Landscape patterns of local social organization and their importance for land use planning, *Landscape Plann.*, 8 (1981) 193

Human ecology for land-use planning, *Urban Ecol.*, 9 (1985) 177

**Human impact**

*See* Special issue "Human Relations to Landscape", *Landscape Plann.*, 3 (1976) 347–452

Impace of human activities on mediterranean landscapes in western Crete, *Landscape Urban Plann.*, 24 (1993) 259

**Human relations to landscape**

*See* Special issue "Human Relations to Landscape", *Landscape Plann.*, 3 (1976) 347–452

**Human settlement research**

Integrated ecological studies on human settlements (Report), *Urban Ecol.*, 1 (1975) 81

Comments on human settlements research (Comments and Critiques), *Urban Ecol.*, 2 (1976) 184

**Human tribes**

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

The Bedouin of the Land of Israel — settlement and changes, *Urban Ecol.*, 4 (1980) 253

**Human well-being**

Comment on the problem of indicators of human well-being (Comments and Critiques), *Urban Ecol.*, 1 (1976) 413

Tapiola: an unique experimental design separating socioeconomic class from housing and community environmental factors in health and well-being. A methodological note, *Urban Ecol.*, 2 (1976) 55

Public welfare and the economics of landscape aesthetics, *Landscape Urban Plann.*, 22 (1992) 31

**Humus**

The significance of humus forms for management and conservation of mediterranean landscapes, *Landscape Urban Plann.*, 24 (1993) 213

**Hungary**

The main features of suburbanization in the Great Hungarian Plain, *Landscape Urban Plann.*, 22 (1992) 177

**Hydraulics**

The Thames Barrier, *Landscape Urban Plann.*, 16 (1988) 57

**Hydrology**

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

A hydrological approach to landscape planning: the framework concept elaborated from a hydrological perspective, *Landscape Urban Plann.*, 21 (1991) 91

**Hydropower**

Management of an African floodplain: a contribution to the anthropology of public policy, *Landscape Urban Plann.*, 20 (1991) 215

# K

**Kenya**

Evaluation and options for improvement of the environment in a slum upgrading project in Nairobi, Kenya, *Landscape Urban Plann.*, 18 (1989) 153

Agriculture, research and tourism in the landscape of Lake Baringo, Kenya, *Landscape Urban Plann.*, 19 (1990) 159

**Kibbutzim**

Identifying the factors which influence the care of public places, *Urban Ecol.*, 3 (1978) 355

**Korea**

The perception of landscape style: a cross-cultural comparison, *Landscape Urban Plann.*, 19 (1990) 251

# L

**Lagoon of Venice**

Subsidence of sea-level fluctuations in the territory of Venice, *Landscape Urban Plann.*, 16 (1988) 13

**Lake landscapes**

Agriculture, research and tourism in the landscape of Lake Baringo, Kenya, *Landscape Urban Plann.*, 19 (1990) 159

**Land capability analysis**

A procedure for land capability analysis in southern Africa, based on computer overlay techniques, *Landscape Plann.*, 11 (1984) 269

**Land classification**

The development of ecological (biophysical) land classification in Canada (Views and Ideas), *Landscape Plann.*, 4 (1977) 273

An evaluation of landscape units for watershed similarity analyses, *Landscape Plann.*, 5 (1979) 311

Land use types: patterns and relationships with abiotic landscape factors in western Crete, *Landscape Urban Plann.*, 24 (1993) 249

**Land data systems**

A microcomputer-based method for enhanced use of large land data systems in Canada, *Landscape Urban Plann.*, 13 (1986) 169

**Land evaluation**

Landscape education and research at the International Institute for Aerospace Survey and Earth Sciences (ITC), *Landscape Urban Plann.*, 13 (1986) 447

Landscape education and research at the International Institute for Aerospace Survey and Earth Sciences (ITC) (Erratum), *Landscape Urban Plann.*, 14 (1987) 179

The use of the agricultural land evaluation and site assessment system in the United States, *Landscape Urban Plann.*, 14 (1987) 183

### Landfill disposal

Community response to a municipal waste incinerator: NIMBY or neighbor?, *Landscape Urban Plann.*, 21 (1991) 163

### Land ownership

The tenure factor in rural land management: a New England perspective, *Landscape Plann.*, 10 (1983) 255

Land ownership, use and regulation: a case study analysis of a township in the early stages of urban development, *Landscape Plann.*, 12 (1985) 125

Agricultural land as a real estate commodity: implications for farmland preservation in the North American urban fringe, *Landscape Plann.*, 12 (1985) 177

Planning for forest conservation in the Auckland region, New Zealand, *Landscape Urban Plann.*, 23 (1992) 55

Legal status of land tenure and use and its implication for open landscapes of western Crete, *Landscape Urban Plann.*, 24 (1993) 273

### Landscape analysis

Ecological landscape inventories and evaluation, *Landscape Plann.*, 2 (1975) 37

Landscape analysis — a technique for ecosystem assessment and land use planning, *Landscape Plann.*, 5 (1978) 27

The transformation of the Mediterranean landscapes: an experience of 25 years of observations, *Landscape Urban Plann.*, 24 (1993) 3

### Landscape architecture, general

Critique and theory in Dutch landscape architecture, *Landscape Urban Plann.*, 13 (1986) 277

### Landscape change

The farming landscapes of England and Wales: a changing scene, *Landscape Plann.*, 4 (1977) 205

Information for landscape modelling: a catchment case study, *Landscape Plann.*, 5 (1979) 281

Oskuna kā Āsusteki: Changing landscapes and changing attitudes, *Landscape Plann.*, 6 (1979) 127

Determinants of landscape change: the case of afforestation in the National Parks of England and Wales, *Landscape Plann.*, 9 (1983) 193

Landscape changes in a parish in Essex, eastern England, since 1838, *Landscape Urban Plann.*, 14 (1987) 201

Change in the landscape, *Landscape Urban Plann.*, 15 (1988) 265

*See* Special Issue "Changing Agricultural Landscapes in Europe", *Landscape Urban Plann.*, 18 (1990) 179–352

Assessing the value of future landscapes, *Landscape Urban Plann.*, 23 (1992) 17

The transformation of the Mediterranean landscapes: an experience of 25 years of observations, *Landscape Urban Plann.*, 24 (1993) 3

Threatened landscape in Alentejo, Portugal: the 'montado' and other 'agro-silvo-pastoral' systems, *Landscape Urban Plann.*, 24 (1993) 43

A relict of vegetational landscape related to seasonal migratory grazing in the south of Italy: the 'Bosco dell'Incoronata' (Foggia) Southern Italy, *Landscape Urban Plann.*, 24 (1993) 55

Recent landscape transformation in the Tuscan Apennines caused by changing land use, *Landscape Urban Plann.*, 24 (1993) 63

The vanishing landscape of the Campagna Romana, *Landscape Urban Plann.*, 24 (1993) 69

Threatened landscapes in the Mediterranean: examples from Crete, *Landscape Urban Plann.*, 24 (1993) 279

### Landscape classification

An empirical study on the appraisals of landscape types by residential groups — Tsukuba Science City, *Landscape Plann.*, 10 (1983) 109

Use of landscape classification as an essential prerequisite to landscape evaluation, *Landscape Urban Plann.*, 21 (1991) 149

### Landscape evaluation

Ecological landscape inventories and evaluation, *Landscape Plann.*, 2 (1975) 37

Visual landscape evaluation. A grid technique, *Landscape Plann.*, 3 (1976) 67

A method for assessing wetland characteristics and values, *Landscape Plann.*, 11 (1984) 1

Polyfunctional landscape evaluation — aims and methods, *Landscape Urban Plann.*, 13 (1986) 135

Use of landscape classification as an essential prerequisite to landscape evaluation, *Landscape Urban Plann.*, 21 (1991) 149

## Landscape evolution

Fostering public awareness of the landscape during the preparation of a rural development plan for the Argonne region, *Landscape Plann.*, 7 (1980) 263

Mediterranean landscape evolution and degradation as multivariate biofunctions: theoretical and practical implications, *Landscape Plann.*, 9 (1982) 125

The evolving landscape, *Landscape Urban Plann.*, 16 (1988) 35

## Landscape management

The engineering landscaping in an historical area of Central Europe, *Landscape Plann.*, 1 (1974) 57

Development of landscape planning concepts and management strategies for an urbanizing agricultural region, *Landscape Plann.*, 6 (1979) 151

Landscape Management: the conservation of a Capability Brown landscape — Harewood, Yorkshire, *Landscape Plann.*, 7 (1980) 121

Landscape management, a case study: Le Vaudreuil new town, *Landscape Plann.*, 7 (1980) 247

Landscape planning policy in Vermont: an overview, *Landscape Plann.*, 8 (1981) 349

Aesthetics and management: bridging the gap, *Landscape Urban Plann.*, 13 (1986) 1

Countryside management plans in Britain — a preliminary appraisal, *Landscape Urban Plann.*, 14 (1987) 155

Wetland management — traditional rights and recreational uses: the Tonda Wildlife Management Area of Papua New Guinea, *Landscape Urban Plann.*, 20 (1991) 67

The people's role in wetlands management: the Zambian initiative, *Landscape Urban Plann.*, 20 (1991) 73

Management of the Djoudj National Park in Senegal, *Landscape Urban Plann.*, 20 (1991) 81

The significance of humus forms for management and conservation of mediterranean landscapes, *Landscape Urban Plann.*, 24 (1993) 213

Legal status of land tenure and use and its implication for open landscapes of western Crete, *Landscape Urban Plann.*, 24 (1993) 273

## Landscape perception

Landscape perception: research, application and theory, *Landscape Plann.*, 9 (1982) 1

Landscape perception by its traditional users: the ideal landscape of Madrid livestock raisers, *Landscape Plann.*, 9 (1983) 279

Perception of naturalness in landscape and its relationship to vegetation structure, *Landscape Urban Plann.*, 19 (1990) 333

## Landscape planning, general

Ten connected landscape propositions (Views and Ideas), *Landscape Plann.*, 1 (1974) 373

Introduction to Special Issue "Human Relations to Landscape": Landscape planning: to be or not to be, *Landscape Plann.*, 3 (1976) 359

Landscape plan formulation and evaluation, *Landscape Plann.*, 7 (1980) 95

Landscape planning: a linguistic and historical analysis of the therm's use, *Landscape Plann.*, 9 (1983) 179

Landscape planning: a conceptual perspective (Keynote Address), *Landscape Urban Plann.*, 13 (1986) 335

## Landscape planning — definition

Definition of landscape planning (Views and Ideas), *Landscape Plann.*, 1 (1974) 105

Development of the discipline of landscape planning (Views and Ideas), *Landscape Plann.*, 1 (1974) 106

Landscape planning — an overview (Views and Ideas), *Landscape Plann.*, 1 (1974) 107

## Landscape planning commissions

Landscape planning — a practitioner's view, *Landscape Urban Plann.*, 13 (1986) 463

## Landscape preference

Structure of landscape preferences: A study based on large dams viewed in their landscape setting, *Landscape Plann.*, 2 (1975) 159

How to measure preferences for photographs of natural landscapes, *Landscape Plann.*, 4 (1977) 237

Urban resident's landscape preferences: a method for their assessment, *Urban Ecol.*, 7 (1983) 91

Cross-cultural perceptions of scenic and heritage landscapes, *Landscape Plann.*, 8 (1981) 69

Interval scaling of landscape preference by direct- and indirect-measurement methods, *Landscape Plann.*, 8 (1981) 257

Landform and scenic preference: a research note (Short Communication), *Landscape Plann.*, 8 (1981) 301

Factors influencing landscape preferences: an empirical investigation, *Landscape Plann.*, 11 (1984) 293

Comment on Philip Dearden, "Factors influencing landscape preferences: an empirical investigation" (Landscape Plann., 11: 293–306) (News and Views), *Landscape Plann.*, 12 (1985) 93

The analysis of perception via preference: a strategy for studying how the environment is experienced, *Landscape Plann.*, 12 (1985) 161

Landscape preference and personality, *Landscape Urban Plann.*, 13 (1986) 19

Human responses to vegetation and landscapes, *Landscape Urban Plann.*, 13 (1986) 29

The influence of the environmental background of subjects on their landscape preference evaluation, *Landscape Urban Plann.*, 13 (1986) 125

The influence of the socio-economic background of subjects on their landscape preference evaluation (Short Communication), *Landscape Urban Plann.*, 13 (1986) 225

Cultural and sub-cultural comparisons in preferences for natural settings, *Landscape Urban Plann.*, 14 (1987) 281

Landscape perception and technological change in the central mountains of Spain, *Landscape Urban Plann.*, 18 (1989) 1

The perception of landscape style: a cross-cultural comparison, *Landscape Urban Plann.*, 19 (1990) 251

Urban landscape and environmental quality preferences in Ibadan, Nigeria: an exploration, *Landscape Urban Plann.*, 19 (1990) 263

### Landscape projects

Landscape projects. Panshanger, *Landscape Plann.*, 9 (1983) 299

Landscape project. Brenig Reservoir, *Landscape Plann.*, 10 (1983) 65

Landscape project. Lodmoor, *Landscape Plann.*, 11 (1984) 227

Landscape project. "Remembrement": landscape consolidation in France, *Landscape Plann.*, 11 (1984) 235

Landscape project. Reclamation and landform design. The Liverpool International Garden Festival, *Landscape Plann.*, 11 (1984) 327

Landscape project. Port LaBelle, *Landscape Plann.*, 12 (1985) 193

Landscape Project. Landscape plan for the Nubia Museum of Aswan, *Landscape Urban Plann.*, 13 (1986) 231

Landscape Project. Pelican Bay, *Landscape Urban Plann.*, 15 (1988) 351

### Landscape rehabilitation

Degradation and rehabilitation of Mediterranean landscapes: Neotechnological degradation of Mediterranean landscapes and their restoration with drought resistant plants, *Landscape Plann.*, 2 (1975) 133

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

Coastal sandmining and landscape rehabilitation in eastern Australia, *Landscape Plann.*, 6 (1979) 359

### Landscape synthesis

Guidelines for landscape synthesis: some directions — old and new, *Landscape Urban Plann.*, 14 (1987) 295

### Landscape Information System

Automated production of landscape maps for physical planning in The Netherlands, *Landscape Plann.*, 11 (1984) 205

### Landsliding

The changing imprint of the landslide on rural landscapes of New Zealand, *Landscape Plann.*, 10 (1983) 173

### Land-use management

Landscape analysis — a technique for ecosystem assessment and land use planning, *Landscape Plann.*, 5 (1978) 27

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

A study of changing land uses in and around Toronto waterfront marshes, *Urban Ecol.*, 8 (1984) 313

Human ecology for land-use planning, *Urban Ecol.*, 9 (1985) 177

The reclamation of derelict land for agriculture: technical economic and land-use planning issues, *Landscape Plann.*, 12 (1985) 49

Polyfunctional landscape evaluation — aims and methods, *Landscape Urban Plann.*, 13 (1986) 135

The role of cultural diversity and communal participation in wetland management in Brazil, *Landscape Urban Plann.*, 20 (1991) 61

Environmental assessment in land use planning in Israel, *Landscape Urban Plann.*, 23 (1993) 167

## Lead–zinc mining

The Gays River mine tailing revegetation study, *Landscape Urban Plann.*, 16 (1988) 283

## LEARN

LEARN: a methodological challenge for rapid environmental assessment, *Landscape Urban Plann.*, 20 (1991) 173

## Legislation

Fifty years of rural landscape planning in the Netherlands (Conference Report), *Landscape Plann.*, 2 (1975) 197

Local Environmental Sensitivity Analysis (LESA): A program to improve the preparation of environmental impact statements, *Landscape Plann.*, 2 (1976) 229

Scenic and recreational highway study for the State of Washington, *Landscape Plann.*, 3 (1976) 151

The impact of recreaction on the coast: the Lindsey County Council (Sandhills) Act, 1932, *Landscape Plann.*, 4 (1977) 53

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

Italian legislation on mountain land and on uncultivated or insufficiently cultivated land, *Landscape Plann.*, 5 (1978) 171

Simulating alternative policies for implementing the Massachusetts Scenic and Recreational Rivers Act: the North River demonstration project, *Landscape Plann.*, 6 (1979) 51

Landscape planning policy in Vermont: an overview, *Landscape Plann.*, 8 (1981) 349

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

Evaluating the success of land reclamation schemes, *Landscape Plann.*, 11 (1984) 187

Boundary review boards: a legislative approach to manage growth conflicts in the urban fringe in Washington State, *Landscape Urban Plann.*, 13 (1986) 183

Reclamation planning for coal strip-mined lands in Montana, *Landscape Urban Plann.*, 14 (1987) 45

Legal liability for defective trees in the United States, *Landscape Urban Plann.*, 15 (1988) 173

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The genesis of historic landscape conservation in Australia, *Landscape Urban Plann.*, 17 (1989) 305

People's participation in wildlife utilization in Africa, *Landscape Urban Plann.*, 20 (1991) 159

The transformation of traditional law: a tale of people's participation in irrigation management on Bali, *Landscape Urban Plann.*, 20 (1991) 189

Heading for a post-modern landscape — Portuguese trends in the reconciliation of environmental quality and landscape planning with economic development, *Landscape Urban Plann.*, 23 (1993) 183

Legal status of land tenure and use and its implication for open landscapes of western Crete, *Landscape Urban Plann.*, 24 (1993) 273

## Lenné, Peter Joseph

Peter Joseph Lenné, landscape architect and urban planner, *Landscape Plann.*, 7 (1980) 57

## LESA

Local Environmental Sensitivity Analysis (LESA): A program to improve the preparation of environmental impact statements, *Landscape Plann.*, 2 (1976) 229

The use of the agricultural land evaluation and site assessment system in the United States, *Landscape Urban Plann.*, 14 (1987) 183

## Lichen communities

Some effects of urban impact on the structure of lichen communities on trees in three deciduous woodlot types, *Urban Ecol.*, 1 (1975) 311

Lichen diversity and abundance as affected by traffic volume in an urban environment, *Urban Ecol.*, 2 (1977) 235

Variation in epiphytic microcommunities (tardigrade–lichen–bryophyte assemblages) of the Cincinnati, Ohio area, *Urban Ecol.*, 9 (1985) 45

## Lifestyle profiles

Life style mapping — a new planning and programming tool, *Urban Ecol.*, 2 (1976) 109

Economic growth, lifestyle preferences, and urban size, *Urban Ecol.*, 2 (1977) 259

**Lignite mining**

Establishment of hardwood tree and shrub species on a Texas lignite mine using irrigation, mulch and shade, *Landscape Urban Plann.*, 25 (1993) 85

**Limnology**

A limnological survey of eight waterfront marshes, *Urban Ecol.*, 5 (1981) 55

**"Living filter"**

Environmental planning for wastewater land application: lessons from Penn State's "Living Filter", *Landscape Plann.*, 10 (1983) 205

**Local populations**

Local and extra-local perceptions of national parks and protected areas, *Landscape Urban Plann.*, 13 (1986) 11

**LUPLAN**

The land suitability approach to strategic land-use planning in urban fringe areas, *Landscape Plann.*, 11 (1984) 125

An assessment of a rational approach to drawing up local government zoning schemes, *Landscape Urban Plann.*, 15 (1988) 303

# M

**Malawi**

Wildlands and human needs: resource use in an African protected area, *Landscape Urban Plann.*, 19 (1990) 145

**Mangroves**

Sustainable development of mangroves, *Landscape Urban Plann.*, 20 (1991) 103

**Map errors**

The accuracy of map overlays: a reassessment, *Landscape Urban Plann.*, 14 (1987) 427

**Maples**

Spatial distribution of declining urban maples, *Urban Ecol.*, 8 (1984) 127

Influence of adjacent land use on understory vegetation of New York forests, *Urban Ecol.*, 8 (1984) 329

Increment core analysis of declining Norway maples, *Acer platanoides*, *Urban Ecol.*, 9 (1986) 309

**Mapping**

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

The accuracy of map overlays, *Landscape Plann.*, 2 (1975) 23

A technique for the definition of environmental geologic units and for evaluating their environmental value, *Landscape Plann.*, 3 (1976) 35

A typology for the urban ecosystem and its relationship to larger biogeographical landscape units, *Urban Ecol.*, 4 (1979) 11

Problems of urban and regional planning with reference to the environmental factor noise and results from studies conducted in the industrial region around Halle, *Urban Ecol.*, 4 (1980) 287

Physiognomic landscape mapping in The Netherlands, *Landscape Plann.*, 5 (1978) 45

Survey and analysis for forestry and soil protection in Italy, *Landscape Plann.*, 5 (1978) 181

Environmental survey along the Santander–Unquera coastal strip, northern Spain, and assessment of its capacity for development, *Landscape Plann.*, 7 (1980) 23

Landscape patterns of local social organization and their importance for land use planning, *Landscape Plann.*, 8 (1981) 193

Views from the road: a mapping exercise (Short Communication), *Landscape Plann.*, 8 (1981) 307

Automated production of landscape maps for physical planning in The Netherlands, *Landscape Plann.*, 11 (1984) 205

The elaboration of drainage class maps for agricultural planning in Denmark, *Landscape Urban Plann.*, 13 (1986) 199

Suggested hierarchy of criteria for multi-scale ecosystem mapping, *Landscape Urban Plann.*, 14 (1987) 313

Biotope mapping and nature conservation strategies in urban areas of the Federal Republic of Germany, *Landscape Urban Plann.*, 15 (1988) 39

Intensive surveys of structure and change in urban natural areas, *Landscape Urban Plann.*, 15 (1988) 59

Automated mapping of visual impacts in utility corridors, *Landscape Urban Plann.*, 16 (1988) 261

Land use types: patterns and relationships with abiotic landscape factors in western Crete, *Landscape Urban Plann.*, 24 (1993) 249

## Marine environments

Ultimate Environmental Threshold (UET) method in a marine environment (Great Barrier Reef Marine Park in Australia), *Landscape Urban Plann.*, 15 (1988) 327

## Marsh ecology

A limnological survey of eight waterfront marshes, *Urban Ecol.*, 5 (1981) 55

A study of changing land uses in and around Toronto waterfront marshes, *Urban Ecol.*, 8 (1984) 313

## Mauritania

Management of an African floodplain: a contribution to the anthropology of public policy, *Landscape Urban Plann.*, 20 (1991) 215

## McHarg method

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

## Mediterranean landscapes

Degradation and rehabilitation of Mediterranean landscapes: Neotechnological degradation of Mediterranean landscapes and their restoration with drought resistant plants, *Landscape Plann.*, 2 (1975) 133

Mediterranean landscape evolution and degradation as multivariate biofunctions: theoretical and practical implications, *Landscape Plann.*, 9 (1982) 125

Development of Mediterranean agriculture: an ecological approach, *Landscape Urban Plann.*, 18 (1990) 211

*See* Special Issue "Landscape Planning and Environmental Impact Statements Process in Mediterranean Europe" (Proceedings of the Meeting: Jornadas Internacionales Sobre el Paisaje del Agua, Canal de Isabel II, Madrid, 8–10 October 1986), *Landscape Urban Plann.*, 23 (1993) 153–237

Crisis and permanence of the traditional Mediterranean landscape in the central region of Spain, *Landscape Urban Plann.*, 23 (1993) 155

*See* Special Issue "Landscape Approach to Regional Planning: The Future of the Mediterranean Landscapes" (A selection of papers presented at a Congress of the International Association for Landscape Ecology, Montecatini, 27 April–1 May 1992), *Landscape Urban Plann.*, 24 (1993) 1–292

## Megalopolis

Prospective study on physical planning and the environment in the megalopolis in formation in North-West Europe, *Urban Ecol.*, 1 (1976) 331

## Meteorological conditions

Microclimate and recreational value of tree plantings in deserts, *Landscape Plann.*, 1 (1974) 329

Energy use and the atmospheric environment in Hong Kong: Part II. Waste heat, land use and urban climate, *Urban Ecol.*, 3 (1978) 59

Some environmental relationships between topography, built form, landscape and microclimate in Brisbane's city centre, *Urban Ecol.*, 3 (1978) 155

Atmospheric changes in a growing community (the Columbia, Maryland experience), *Urban Ecol.*, 4 (1979) 53

Tree damage in Darwin parks and gardens during Cyclones Tracy and Max, *Landscape Plann.*, 10 (1983) 89

The occurrence and duration of weak, near-surface winds at Melbourne, Australia, *Landscape Urban Plann.*, 13 (1986) 303

Climatic change after regeneration in the oldest quarter of Heidelberg, *Landscape Urban Plann.*, 19 (1990) 47

An analysis of tree mortality in southern California using high spatial resolution remotely sensed spectral radiances: a climatic change scenario, *Landscape Urban Plann.*, 24 (1993) 87

Sensitivity of fire occurrence to meteorological variables in Mediterranean and Atlantic areas of Spain, *Landscape Urban Plann.*, 24 (1993) 129

## Methodology — ecological evaluation

Ecological landscape inventories and evaluation, *Landscape Plann.*, 2 (1975) 37

A technique for the definition of environmental geologic units and for evaluating their environmental value, *Landscape Plann.*, 3 (1976) 35

A typology for the urban ecosystem and its relationship to larger biogeographical landscape units, *Urban Ecol.*, 4 (1979) 11

Ecological planning: method and evaluation, *Landscape Plann.*, 4 (1977) 185

Landscape analysis — a technique for ecosystem assessment and land use planning, *Landscape Plann.*, 5 (1978) 27

An applied human ecological approach to regional planning, *Landscape Plann.*, 5 (1979) 241

Ecological evaluation using biological habitats — an appraisal, *Landscape Plann.*, 5 (1979) 263

Air quality prediction in urban and semi-urban regions with generalised input–output analysis: the Hunter Region, Australia, *Urban Ecol.*, 9 (1985) 25

Ecological evaluation techniques, *Landscape Plann.*, 12 (1986) 403

LEARN: a methodological challenge for rapid environmental assessment, *Landscape Urban Plann.*, 20 (1991) 173

Toward a landscape ecological aesthetic: methodologies for designers and planners, *Landscape Urban Plann.*, 21 (1991) 61

An analysis of tree mortality in southern California using high spatial resolution remotely sensed spectral radiances: a climatic change scenario, *Landscape Urban Plann.*, 24 (1993) 87

Global Positioning System as a tool for ecosystem studies at the landscape level: an application in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 95

### Methodology — landscape evaluation

Visual landscape evaluation. A grid technique, *Landscape Plann.*, 3 (1976) 67

Environmental survey along the Santander–Unquera coastal strip, northern Spain, and assessment of its capacity for development, *Landscape Plann.*, 7 (1980) 23

Landscape practice and methodology in the French planning process, *Landscape Plann.*, 7 (1980) 203

Application of wildland scenic assessment methods to the urban landscape, *Landscape Plann.*, 10 (1983) 219

Forest harvesting and landscape assessment techniques in British Columbia, Canada, *Landscape Plann.*, 10 (1983) 239

A method for assessing wetland characteristics and values, *Landscape Plann.*, 11 (1984) 1

Individual and group reliability of landscape assessments (Short Communication), *Landscape Plann.*, 11 (1984) 67

Countryside scenic assessment: tools and an application, *Landscape Urban Plann.*, 15 (1988) 227

Assessing the value of future landscapes, *Landscape Urban Plann.*, 23 (1992) 17

The assessment of visual quality as a tool for the conservation of rural landscape diversity, *Landscape Urban Plann.*, 24 (1993) 105

### Methodology — light measurement

Can photographic methods be used for measuring the light attenuation characteristics of trees in leaf?, *Landscape Urban Plann.*, 20 (1991) 347

### Methodology — McHarg method

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

### Methodology — preference testing

Appraisal of visual landscape qualities in a region selected for accelerated growth, *Landscape Plann.*, 1 (1974) 307

Structure of landscape preferences: A study based on large dams viewed in their landscape setting, *Landscape Plann.*, 2 (1975) 159

A visual information system and its use in urban planning, *Urban Ecol.*, 4 (1979) 29

Environmental public preferences as obtained by the method of photointerpretation in the Ljubljana region, *Urban Ecol.*, 4 (1979) 45

Scenic assessment: An overview, *Landscape Plann.*, 4 (1977) 109

How to measure preferences for photographs of natural landscapes, *Landscape Plann.*, 4 (1977) 237

Urban resident's landscape preferences: a method for their assessment, *Urban Ecol.*, 7 (1983) 91

Interval scaling of landscape preference by direct- and indirect-measurement methods, *Landscape Plann.*, 8 (1981) 257

The scenic value of the forest landscape as assessed in the field and the labortory, *Landscape Plann.*, 11 (1984) 97

The analysis of perception via preference: a strategy for studying how the environment is experienced, *Landscape Plann.*, 12 (1985) 161

Sensitivity of scenic beauty assessments, *Landscape Urban Plann.*, 13 (1986) 319

Issues in sampling landscapes for visual quality assessments, *Landscape Urban Plann.*, 17 (1989) 323

**Methodology — resource management**

Data-intensive spatial sampling and multiple hierarchical clustering: methodological approaches toward cost/time efficiency in natural resource assessment, *Landscape Plann.*, 5 (1978) 1

A procedure for assessing recreational carrying capacity of coastal resort areas, *Landscape Urban Plann.*, 14 (1987) 331

Simulation as a tool in designing forest landscape, *Landscape Urban Plann.*, 16 (1988) 253

**Methodology — sampling**

Approach to determine effective sampling size for urban street tree survey, *Landscape Urban Plann.*, 20 (1991) 277

**Methodology — social sciences**

Life style mapping — a new planning and programming tool, *Urban Ecol.*, 2 (1976) 109

Social science methods in landscape architecture design, *Landscape Plann.*, 8 (1981) 137

**Methodology — urban analysis**

The city system and the use of entropy in urban analysis, *Urban Ecol.*, 2 (1976) 33

**Methodology — video-imaging techniques**

A method for creating precise low-cost landscape architecture simulations — combining computer-aided design with computer video-imaging techniques, *Landscape Urban Plann.*, 22 (1992) 11

**Methodology — visualization**

*See* Special Issue "Data Visualization Techniques in Environmental Management" (Papers presented at a workshop on Data Visualization Techniques in Environmental Management, Las Vegas, NV, 7–10 May 1991), *Landscape Urban Plann.*, 21 (1992) 237–335

**Mexico**

Defining critical landscapes on Mexican ejidos, *Landscape Plann.*, 11 (1984) 109

Human role in shaping of the flora in a wetland community, the chinampa, *Landscape Urban Plann.*, 20 (1991) 47

**Microclimates**

Microclimate and recreational value of tree plantings in deserts, *Landscape Plann.*, 1 (1974) 329

Effect of abrupt exposure to outdoor heat on humans accustomed to air conditioning, *Urban Ecol.*, 2 (1977) 355

Energy use and the atmospheric environment in Hong Kong: Part II. Waste heat, land use and urban climate, *Urban Ecol.*, 3 (1978) 59

Some environmental relationships between topography, built form, landscape and microclimate in Brisbane's city centre, *Urban Ecol.*, 3 (1978) 155

Zonal characteristics of urban albedos, *Urban Ecol.*, 3 (1978) 365

A preliminary attempt at a thermal division of the town of Münster (North Rhine–Westphalia, West Germany) on a floral and vegetational basis, *Urban Ecol.*, 7 (1983) 255

Effects of individual trees on the solar radiation climate of small buildings, *Urban Ecol.*, 9 (1986) 337

Climatic change after regeneration in the oldest quarter of Heidelberg, *Landscape Urban Plann.*, 19 (1990) 47

**Middle East, general**

Islamic traditions and contemporary open space design in Arab-Muslim settlements in the Middle East, *Landscape Urban Plann.*, 23 (1993) 97

**Mining sites**

Environmental analysis of quarrying: an Israeli experience, *Landscape Plann.*, 1 (1974) 289

Bergkamen communal tip: Extracts from the explanatory report to the landscape plan, *Landscape Plann.*, 2 (1976) 249

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

A suitability matrix for selecting land use alternatives for reclaimed strip mined areas, *Landscape Plann.*, 4 (1977) 257

Alligator Rivers Region in Northern Australia — a case study in land use planning, *Landscape Plann.*, 6 (1979) 299

The papercourt and bush farm agricultural restoration experiments (Views and Ideas), *Landscape Plann.*, 7 (1980) 75

Recreation design alternatives for a disturbed urban landform, *Landscape Plann.*, 8 (1981) 31

Vegetation management by minimal intervention: working with succession, *Landscape Plann.*, 8 (1981) 149

Energy use and production: agriculture and coal mining, *Landscape Plann.*, 10 (1983) 3

Economic trade-offs of coal mining on the prime farmland, *Landscape Plann.*, 10 (1983) 131

The design and development of gravel pits for wildlife in Milton Keynes, England, *Landscape Plann.*, 11 (1984) 19

Evaluating the success of land reclamation schemes, *Landscape Plann.*, 11 (1984) 187

Government regulatory control of surface mining operations — new performance guideline models for progressive rehabilitation, *Landscape Plann.*, 12 (1985) 15

Rehabilitation after bauxite mining in south-western Australia, *Landscape Plann.*, 12 (1985) 75

Visibility analysis of mining and waste tipping sites — a review, *Landscape Urban Plann.*, 13 (1986) 101

Reclamation planning for coal strip-mined lands in Montana, *Landscape Urban Plann.*, 14 (1987) 45

Long-term prospects for farm grassland and woodland on reclaimed coal spoil sites, *Landscape Urban Plann.*, 14 (1987) 131

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

The effect of nitrogen level and time of sowing on the establishment of white clover (*Trifolium repens*) on colliery spoil, *Landscape Urban Plann.*, 14 (1987) 369

Vegetative stabilization of retorted oil shale on a steep, south-facing slope in Northwestern Colorado, *Landscape Urban Plann.*, 14 (1987) 497

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

The Gays River mine tailing revegetation study, *Landscape Urban Plann.*, 16 (1988) 283

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The long-term effect of *Eucalyptus* plantations on tin-mine spoil and its implication for reclamation, *Landscape Urban Plann.*, 17 (1989) 47

The effect of *Acacia albida* on tin-mine spoil and their possible use in reclamation, *Landscape Urban Plann.*, 17 (1989) 61

Direct seeding of black locust reduces herbaceous competition (Short Communication), *Landscape Urban Plann.*, 17 (1989) 73

Nitrogen and carbon accretion on Ohio coal minesoils: influence of soil-forming factors, *Landscape Urban Plann.*, 17 (1989) 99

Spatial variability in spoil sampling, *Landscape Urban Plann.*, 17 (1989) 121

Grass competition and establishment of native species from forest soil seed banks, *Landscape Urban Plann.*, 17 (1989) 135

Infiltration rates and erosion associated with reclaimed coal mine spoils in west central New Mexico, *Landscape Urban Plann.*, 17 (1989) 151

Seed reserves in stockpiled topsoil on a coal stripmine near Kemmerer, Wyoming, *Landscape Urban Plann.*, 17 (1989) 169

Revegetation of tripoli quarries in the Ozark Highlands of Oklahoma, *Landscape Urban Plann.*, 17 (1989) 175

Organic amendments compared to topsoil replacement for prime farmland reclamation, *Landscape Urban Plann.*, 17 (1989) 197

Revegetation of a contaminated zinc smelter site, *Landscape Urban Plann.*, 17 (1989) 241

The practice of "approximate original contour" in the central Appalachians. I. Slope stability and erosion potential, *Landscape Urban Plann.*, 18 (1989) 127

The practice of "approximate original contour" in the central Appalachians. II. Economic and environmental consequences of an alternative, *Landscape Urban Plann.*, 18 (1989) 139

Reclamation of acid coal refuse, *Landscape Urban Plann.*, 20 (1991) 309

Environmental problems and proposals to reclaim the areas affected by mining exploitations in the Cartagena mountains (southeast Spain), *Landscape Urban Plann.*, 23 (1993) 195

Establishment of hardwood tree and shrub species on a Texas lignite mine using irrigation, mulch and shade, *Landscape Urban Plann.*, 25 (1993) 85

## Modelling

Some ecological factors associated with health and social adaptation in the City of Rotterdam, *Urban Ecol.*, 2 (1977) 205

A computer model for land-use planning. Case study of a rural derelict area: Ayllón, Spain, *Landscape Plann.*, 3 (1976) 101

A physical quality of life index, *Urban Ecol.*, 3 (1978) 225

Culture and the subjective effects of stress, *Urban Ecol.*, 3 (1978) 241

Comments on the concept of a quality of life index (Comments and Critiques), *Urban Ecol.*, 3 (1978) 310

Effects of crowding on health and social adaptation in the City of Chicago, *Urban Ecol.*, 3 (1978) 327

How to measure preferences for photographs of natural landscapes, *Landscape Plann.*, 4 (1977) 237

Information for landscape modelling: a catchment case study, *Landscape Plann.*, 5 (1979) 281

Ecological segregation: a spatial clustering analysis, *Urban Ecol.*, 7 (1982) 47

Nitrate as a consideration in planning future land uses, *Landscape Plann.*, 8 (1981) 121

Nature reserve designation in a cultural landscape, incorporating island biogeography theory, *Landscape Plann.*, 8 (1981) 329

Increment core analysis of declining Norway maples, *Acer platanoides*, *Urban Ecol.*, 9 (1986) 309

Model for a new sylvo-pastoral system in the Mamora cork-oak forest, *Landscape Urban Plann.*, 13 (1986) 55

Evaluating landscape aesthetics: a multi-attribute utility approach, *Landscape Urban Plann.*, 14 (1987) 463

Geometric solids for simulation of tree crowns, *Landscape Urban Plann.*, 15 (1988) 79

Predicting daily use of urban forest recreation sites, *Landscape Urban Plann.*, 15 (1988) 127

An ecological approach to landscape planning using geographic information system technology, *Landscape Urban Plann.*, 15 (1988) 211

The Thames Barrier, *Landscape Urban Plann.*, 16 (1988) 57

Simulation as a tool in designing forest landscape, *Landscape Urban Plann.*, 16 (1988) 253

Agricultural land markets in U.S. urban-fringe counties, *Landscape Urban Plann.*, 16 (1988) 293

Multi-model habitat suitability index analysis in the Red River Valley, *Landscape Urban Plann.*, 17 (1989) 261

Forest landscape: a method of amenity evaluation based on computer simulation, *Landscape Urban Plann.*, 18 (1989) 117

Toward a sustainable landscape with high visual preference and high ecologial integrity: the Loop Road in Acadia National Park, U.S.A., *Landscape Urban Plann.*, 19 (1990) 213

Approach to determine effective sampling size for urban street tree survey, *Landscape Urban Plann.*, 20 (1991) 277

Ecosystem modeling as a method for designing synthetic fluvial landscapes: a case study of the Salt River in Arizona, *Landscape Urban Plann.*, 20 (1991) 291

The utility of semi-formal models in ecological planning, *Landscape Urban Plann.*, 21 (1991) 47

The utility of fractal geometry in landscape design, *Landscape Urban Plann.*, 21 (1991) 81

Beach resorts: A model of development evolution, *Landscape Urban Plann.*, 21 (1991) 189

*See* Special Issue "Data Visualization Techniques in Environmental Management" (Papers presented at a workshop on Data Visualization Techniques in Environmental Management, Las Vegas, NV, 7–10 May 1991), *Landscape Urban Plann.*, 21 (1992) 237–335

A method for creating precise low-cost landscape architecture simulations — combining computer-aided design with computer video-imaging techniques, *Landscape Urban Plann.*, 22 (1992) 11

Estimating habitat isolation in landscape planning, *Landscape Urban Plann.*, 23 (1992) 1

Sustainable development: conceptual issues, an operational model and its implications for Australia, *Landscape Urban Plann.*, 23 (1993) 107

An analysis of tree mortality in southern California using high spatial resolution remotely sensed spectral radiances: a climatic change scenario, *Landscape Urban Plann.*, 24 (1993) 87

Changes in landscape patterns and vegetation dynamics in Provence, France, *Landscape Urban Plann.*, 24 (1993) 153

The dynamics of the forest landscape of Haut-Saint-Laurent (Quebec, Canada): interactions between biophysical factors, perceptions and policy, *Landscape Urban Plann.*, 25 (1993) 53

## Moorland landscapes

Prehistory and planning on the moorlands of England and Wales, *Landscape Urban Plann.*, 17 (1989) 251

### Morocco

Model for a new sylvo-pastoral system in the Mamora cork-oak forest, *Landscape Urban Plann.*, 13 (1986) 55

### Mountain landscapes

An approach to the planning of abandoned farmland in Italy, *Landscape Plann.*, 5 (1978) 157

Italian legislation on mountain land and on uncultivated or insufficiently cultivated land, *Landscape Plann.*, 5 (1978) 171

Impact of tourism on the mountain landscape of central Italy, *Landscape Urban Plann.*, 24 (1993) 49

### Multiple hierarchical clustering

Data-intensive spatial sampling and multiple hierarchical clustering: methodological approaches toward cost/time efficiency in natural resource assessment, *Landscape Plann.*, 5 (1978) 1

### Multiple land use

Planning the multiple use of maqui land, *Landscape Plann.*, 4 (1977) 359

Polyfunctional landscape evaluation — aims and methods, *Landscape Urban Plann.*, 13 (1986) 135

### Municipal waste treatment

Community response to a municipal waste incinerator: NIMBY or neighbor?, *Landscape Urban Plann.*, 21 (1991) 163

## N

### National parks

Changing scenic values and tourist carrying capacity of national parks. An Australian example, *Landscape Plann.*, 1 (1974) 35

Carrying capacity as a planning concept for national parks: available or desirable capacity?, *Landscape Plann.*, 2 (1976) 243

The impact of development centers on National Park landscapes: the views of senior National Park Service officials, *Landscape Plann.*, 4 (1977) 349

National parks as open systems: an Italian overview, *Landscape Plann.*, 5 (1978) 89

The territorial park of Como (Lombardy), *Landscape Plann.*, 5 (1978) 129

The 14th International Seminar on National Parks and Equivalent Reserves 1979 (Conference Report), *Landscape Plann.*, 7 (1980) 131

A framework for estimating the consequence of alternative carrying capacity levels in Yosemite Valley, *Landscape Plann.*, 7 (1980) 151

Agriculture in the national parks of England and Wales: a conservation viewpoint (Views and Ideas), *Landscape Plann.*, 7 (1980) 369

Determinants of landscape change: the case of afforestation in the National Parks of England and Wales, *Landscape Plann.*, 9 (1983) 193

On the economic efficiency of national parks. A review article (News and Views), *Landscape Plann.*, 11 (1984) 253

Evaluation of trail erosion in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 12 (1985) 29

Preservation, parks and the vice-royalty: Lord Dufferin and Lord Grey in Canada, *Landscape Plann.*, 12 (1985) 141

Local and extra-local perceptions of national parks and protected areas, *Landscape Urban Plann.*, 13 (1986) 11

The application of computer technology to landscape planning in United States National Forests, *Landscape Urban Plann.*, 13 (1986) 453

Ultimate Environmental Threshold (UET) method in a marine environment (Great Barrier Reef Marine Park in Australia), *Landscape Urban Plann.*, 15 (1988) 327

Park–people relationships: an international review, *Landscape Urban Plann.*, 19 (1990) 117

An overview of park–people interactions in Royal Chitwan National Park, Nepal, *Landscape Urban Plann.*, 19 (1990) 133

Rural society and protected area: which dialogue? The case study of Cevennes National Park and Biosphere Reserve (France), *Landscape Urban Plann.*, 19 (1990) 173

Parks, protected areas and local populations: new international issues and imperatives, *Landscape Urban Plann.*, 19 (1990) 197

Toward a sustainable landscape with high visual preference and high ecologial integrity: the Loop Road in Acadia National Park, U.S.A., *Landscape Urban Plann.*, 19 (1990) 213

Vista management in Acadia National Park, *Landscape Urban Plann.*, 19 (1990) 353

The people's role in wetlands management: the Zambian initiative, *Landscape Urban Plann.*, 20 (1991) 73

Management of the Djoudj National Park in Senegal, *Landscape Urban Plann.*, 20 (1991) 81

Acceptance of national parks and participation of local people in decision-making processes, *Landscape Urban Plann.*, 20 (1991) 239

Erratum: Vista management in Acadia National Park, *Landscape Urban Plann.*, 20 (1991) 357

Assessing the value of future landscapes, *Landscape Urban Plann.*, 23 (1992) 17

Prospects of Köprülü Kanyon National Park for meeting both conservation targets and people's need for development, *Landscape Urban Plann.*, 24 (1993) 143

## Natural parks

Feasibility hypothesis for the Maritime Alps Natural Park, *Landscape Plann.*, 5 (1978) 109

## Natural resource assessment

Data-intensive spatial sampling and multiple hierarchical clustering: methodological approaches toward cost/time efficiency in natural resource assessment, *Landscape Plann.*, 5 (1978) 1

Methods and results of natural resource assessments in New York City, New York, *Landscape Urban Plann.*, 25 (1993) 95

## Nature conservation

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

Forests near Moscow as territories of mass recreaction and tourism, *Urban Ecol.*, 2 (1977) 371

Natural landscapes in Spain. I. The National Institute of Nature Conservancy (ICONA). Functions and achievements, *Landscape Plann.*, 3 (1976) 9

Natural landscapes in Spain. II. Ideas and real concern for landscape planning, *Landscape Plann.*, 3 (1976) 25

Nature conservation and skiing resorts: problems of social evaluation in Spain, *Landscape Plann.*, 3 (1976) 89

Impact of urban nature: a theoretical analysis, *Urban Ecol.*, 8 (1984) 189

Nature conservation, water and urban areas in Britain, *Urban Ecol.*, 9 (1985) 99

Effects of tree conservation in the urbanizing fringe of southern Ontario cities, *Urban Ecol.*, 9 (1986) 289

Conservation of brooks in small watersheds: a case for planning, *Landscape Urban Plann.*, 19 (1990) 55

Wildlands and human needs: resource use in an African protected area, *Landscape Urban Plann.*, 19 (1990) 145

Wetland management goals: wise use and conservation, *Landscape Urban Plann.*, 20 (1991) 9

Environment and development: implementing the World Bank's new policies, *Landscape Urban Plann.*, 20 (1991) 19

Conservation of coastal lagoons in Ghana: the traditional approach, *Landscape Urban Plann.*, 20 (1991) 41

Wetland management — traditional rights and recreational uses: the Tonda Wildlife Management Area of Papua New Guinea, *Landscape Urban Plann.*, 20 (1991) 67

Instruments for combining intensive diary farming and nature conservation in The Netherlands, *Landscape Urban Plann.*, 20 (1991) 205

## Nature reserves

Nature reserve designation in a cultural landscape, incorporating island biogeography theory, *Landscape Plann.*, 8 (1981) 329

Biological diversity of Mediterranean landscapes in Israel through the deployment of nature reserves, *Landscape Urban Plann.*, 24 (1993) 39

## Neighbourhood quality

Neighborhoods as stands in the urban forest, *Urban Ecol.*, 8 (1984) 229

Estimating satisfaction levels for a city's vegetation, *Urban Ecol.*, 8 (1984) 269

Is this a good place to grow up in? Neighbourhood quality and children's evaluations, *Landscape Urban Plann.*, 14 (1987) 101

## Nepal

An overview of park–people interactions in Royal Chitwan National Park, Nepal, *Landscape Urban Plann.*, 19 (1990) 133

## New-Town planning

Landscape planning for a New Australian Town, *Urban Ecol.*, 1 (1975) 129

Tapiola: an unique experimental design separating socioeconomic class from housing and community environmental factors in health and well-being. A methodological note, *Urban Ecol.*, 2 (1976) 55

### New Zealand

The changing imprint of the landslide on rural landscapes of New Zealand, *Landscape Plann.*, 10 (1983) 173

Resource assessment for recreation and tourism: a New Zealand example, *Landscape Urban Plann.*, 19 (1990) 291

Planning for forest conservation in the Auckland region, New Zealand, *Landscape Urban Plann.*, 23 (1992) 55

### Nigeria

Vegetation burning and forest reservation in a segment of the forest–savanna mosaic of Nigeria: a preliminary investigation, *Landscape Plann.*, 1 (1974) 81

Urban flooding in Ibadan: a diagnosis of the problem, *Urban Ecol.*, 7 (1982) 39

Impact of road building, urbanisation and general infrastructural development on the Nigerian rainforest ecosystem, *Landscape Plann.*, 8 (1981) 21

Rural planning in Nigeria: a case study of Odeda Local Government (OLG), *Landscape Urban Plann.*, 15 (1988) 315

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The long-term effect of *Eucalyptus* plantations on tin-mine spoil and its implication for reclamation, *Landscape Urban Plann.*, 17 (1989) 47

The effect of *Acacia albida* on tin-mine spoil and their possible use in reclamation, *Landscape Urban Plann.*, 17 (1989) 61

Urban landscape and environmental quality preferences in Ibadan, Nigeria: an exploration, *Landscape Urban Plann.*, 19 (1990) 263

The administration of physical planning in Nigeria: the Ondo State experience, *Landscape Urban Plann.*, 25 (1993) 115

### Nitrogen

Nitrate as a consideration in planning future land uses, *Landscape Plann.*, 8 (1981) 121

The effect of nitrogen level and time of sowing on the establishment of white clover (*Trifolium repens*) on colliery spoil, *Landscape Urban Plann.*, 14 (1987) 369

Nitrogen and carbon accretion on Ohio coal minesoils: influence of soil-forming factors, *Landscape Urban Plann.*, 17 (1989) 99

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

### Noise

Social perception and environmental quality, *Urban Ecol.*, 4 (1979) 119

Perception and experience of traffic noise in a residential district along a State Highway, *Urban Ecol.*, 4 (1979) 161

Problems of urban and regional planning with reference to the environmental factor noise and results from studies conducted in the industrial region around Halle, *Urban Ecol.*, 4 (1980) 287

### Nosogeography

An ecological discussion of the environmental impact of the highway construction program in the Amazon Basin, *Landscape Plann.*, 1 (1974) 123

### Nutrient cycling processes

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

### Nutrition

Some thoughts on nutrition and quality of life (Comments and Critiques), *Urban Ecol.*, 3 (1978) 299

## O

### Obituaries

Obituary: Donald Appleyard, 1928–1982, *Urban Ecol.*, 7 (1983) 279

Obituary — Dr. James Maurice Caborn, *Landscape Urban Plann.*, 14 (1987) 99

### Observation points

The emotional quality of scenes and observation points: a look at prospect and refuge, *Landscape Plann.*, 10 (1983) 355

### Oil shale mining

Vegetative stabilization of retorted oil shale on a steep, south-facing slope in Northwestern Colorado, *Landscape Urban Plann.*, 14 (1987) 497

### Open spaces

Future opportunities for open space, *Landscape Plann.*, 2 (1975) 13

Canberra — a city within the landscape. An evaluation of the provision of parkland and public open space, *Landscape Plann.*, 6 (1979) 271

Recreation design alternatives for a disturbed urban landform, *Landscape Plann.*, 8 (1981) 31

Structure and condition of older stands in parks and open space areas of San Francisco, California, *Urban Ecol.*, 8 (1984) 165

The Brook Knolls Housing Cooperative Community: a case study for resident design of public open space, *Landscape Urban Plann.*, 17 (1989) 283

The contribution of open spaces to the physical image of an agricultural village, *Landscape Urban Plann.*, 17 (1989) 339

The structure of green areas in the urban agglomeration of the western Netherlands. The Dutch approach: planning a Randstadgroenstructuur, *Landscape Urban Plann.*, 18 (1990) 257

"Green corridors": a discussion of a planning concept (Short Communication), *Landscape Urban Plann.*, 19 (1990) 383

Planning for an extensive open space system: linking landscape structure and function, *Landscape Urban Plann.*, 21 (1991) 131

Islamic traditions and contemporary open space design in Arab-Muslim settlements in the Middle East, *Landscape Urban Plann.*, 23 (1993) 97

### Organic amendments

Organic amendments compared to topsoil replacement for prime farmland reclamation, *Landscape Urban Plann.*, 17 (1989) 197

### Ownership patterns

Land ownership, use and regulation: a case study analysis of a township in the early stages of urban development, *Landscape Plann.*, 12 (1985) 125

## P

### Pacific islands

Man and landscape in the insular Pacific, *Landscape Plann.*, 4 (1977) 1

### Papua New Guinea

Wetland management — traditional rights and recreational uses: the Tonda Wildlife Management Area of Papua New Guinea, *Landscape Urban Plann.*, 20 (1991) 67

### Parks

Habitat associations of ten bird species in Washington, DC, *Urban Ecol.*, 5 (1981) 125

Beyond parks: stages in the innovation and re-creation of the City of Montréal, *Landscape Plann.*, 6 (1979) 225

Structure and condition of older stands in parks and open space areas of San Francisco, California, *Urban Ecol.*, 8 (1984) 165

The public's image of urban parks: past amenity, present ambivalance, uncertain future, *Urban Ecol.*, 8 (1984) 243

Tree damage in Darwin parks and gardens during Cyclones Tracy and Max, *Landscape Plann.*, 10 (1983) 89

Intensive surveys of structure and change in urban natural areas, *Landscape Urban Plann.*, 15 (1988) 59

Valuation of urban parks, *Landscape Urban Plann.*, 15 (1988) 139

Threats to woodland in an urban landscape: a case study in Greater London, *Landscape Urban Plann.*, 16 (1988) 221

Growth and stomatal responses of sugar maple in irrigated and non-irrigated landfill cover soil, *Landscape Urban Plann.*, 17 (1989) 215

Avian community structure in a large urban park: controls of local richness and diversity, *Landscape Urban Plann.*, 17 (1989) 221

British garden festivals: the first eight years, *Landscape Urban Plann.*, 18 (1989) 17

Vegetation responses to changes in design and management of an urban park, *Landscape Urban Plann.*, 22 (1992) 1

Seveso Oak Forest: the gradual reconstruction of an area contaminated by TCDD, *Landscape Urban Plann.*, 23 (1993) 221

Methods and results of natural resource assessments in New York City, New York, *Landscape Urban Plann.*, 25 (1993) 95

## Pelican

Educational response to differences in environmental attitudes among lake fishermen, *Landscape Urban Plann.*, 20 (1991) 167

## Pepper tree

The introduction and naturalization of *Schinus molle* (pepper tree) in Riverside, California, *Landscape Urban Plann.*, 18 (1989) 77

## Perception

*See* Special Issue "Perception and the Environment", *Urban Ecol.*, 4 (1979) 93–177

## Personality–landscape preference relationships

Landscape preference and personality, *Landscape Urban Plann.*, 13 (1986) 19

## Pest management

Human effects on nest survivorship of urban synanthropic wasps, *Urban Ecol.*, 7 (1983) 137

Urban pest managment: a conceptual framework, *Urban Ecol.*, 7 (1983) 145

Forest visual resources and pest management: potential applications of visualization technology, *Landscape Urban Plann.*, 21 (1992) 319

## Philosophy

A philosophical approach to landscape planning, *Landscape Plann.*, 1 (1974) 339

On the possibility of quantifying scenic beauty, *Landscape Plann.*, 4 (1977) 131

Urban environmental planning and alternative technology: a speculative discussion, *Urban Ecol.*, 5 (1981) 1

## Physical planning

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

The administration of physical planning in Nigeria: the Ondo State experience, *Landscape Urban Plann.*, 25 (1993) 115

## Physiognomic landscape maps

Physiognomic landscape mapping in The Netherlands, *Landscape Plann.*, 5 (1978) 45

## Physiology

Effect of abrupt exposure to outdoor heat on humans accustomed to air conditioning, *Urban Ecol.*, 2 (1977) 355

Perception of environmental quality: some basic sensory conditions, *Urban Ecol.*, 4 (1979) 97

Perception as information processing, *Urban Ecol.*, 4 (1979) 103

Social perception and environmental quality, *Urban Ecol.*, 4 (1979) 119

## Planning processes, general

Planning processes and strategies (Comments and Critiques), *Urban Ecol.*, 1 (1976) 415

## Poland

The expansion of a heat island resulting from the development of a city, *Landscape Urban Plann.*, 14 (1987) 219

The impact of economic restructuring on the spatial pattern of urbanization in Poland, *Landscape Urban Plann.*, 22 (1992) 115

Urban and rural housing characteristics of Poland, *Landscape Urban Plann.*, 22 (1992) 153

Problems of depopulation of rural areas in Poland after 1950, *Landscape Urban Plann.*, 22 (1992) 161

## Pollution, general

Biological indicators on pollution, *Urban Ecol.*, 1 (1975) 63

## Pollution — air

Some effects of urban impact on the structure of lichen communities on trees in three deciduous woodlot types, *Urban Ecol.*, 1 (1975) 311

Wind field studies in an urban environment, *Urban Ecol.*, 2 (1976) 93

Lichen diversity and abundance as affected by traffic volume in an urban environment, *Urban Ecol.*, 2 (1977) 235

Energy use and the atmospheric environment in Hong Kong: Part I. Inventory of air pollutant emissions and prediction of ground-level concentrations of $SO_2$ and CO, *Urban Ecol.*, 3 (1978) 29

Lower plants and the urban landscape, *Urban Ecol.*, 4 (1979) 217

Intercommunity distribution of tax and land value impacts of air pollution, *Urban Ecol.*, 7 (1983) 125

Health effect of a bus ride in an urban environment, *Urban Ecol.*, 7 (1983) 229

Forest decline in Baden-Württemberg, *Landscape Urban Plann.*, 16 (1988) 45

Crown structure modifications in relation to air pollution, *Landscape Urban Plann.*, 24 (1993) 167

**Pollution — soil**

Distance–decline patterns in heavy metal contamination of soils and plants in Birmingham, England, *Urban Ecol.*, 8 (1984) 285

Vegetation re-establishment on a hardwood forest site denuded by brine, *Landscape Urban Plann.*, 17 (1989) 127

Reclamation of acid coal refuse, *Landscape Urban Plann.*, 20 (1991) 309

Seveso Oak Forest: the gradual reconstruction of an area contaminated by TCDD, *Landscape Urban Plann.*, 23 (1993) 221

**Pollution — water**

Prospective study on physical planning and the environment in the megalopolis in formation in North-West Europe, *Urban Ecol.*, 1 (1976) 331

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

Nitrate as a consideration in planning future land uses, *Landscape Plann.*, 8 (1981) 121

**Population density**

Effects of crowding on health and social adaptation in the City of Chicago, *Urban Ecol.*, 3 (1978) 327

Correlations between urban tree crown cover and total population in eight U.S. cities (Short Communication), *Landscape Urban Plann.*, 13 (1986) 219

Agricultural productivity in densely populated areas, *Landscape Urban Plann.*, 16 (1988) 311

**Population dynamics**

Landscape ecology and stability of populations, *Landscape Plann.*, 4 (1977) 85

Influences of local and regional population trends and development pressures on participation in Maryland's agricultural land preservation program, *Landscape Urban Plann.*, 15 (1988) 337

Abandoned farmlands in France, *Landscape Urban Plann.*, 18 (1990) 229

Analysis of population dynamics with interactive multi-dimensional graphics, *Landscape Urban Plann.*, 21 (1992) 301

**Population growth**

Joint development in urban transportation: a practical approach to modern growth management, *Landscape Urban Plann.*, 20 (1991) 325

**Ports**

Factors contributing to change in the European port system, *Landscape Urban Plann.*, 22 (1992) 205

**Portugal**

Heading for a post-modern landscape — Portuguese trends in the reconciliation of environmental quality and landscape planning with economic development, *Landscape Urban Plann.*, 23 (1993) 183

Threatened landscape in Alentejo, Portugal: the 'montado' and other 'agro-silvo-pastoral' systems, *Landscape Urban Plann.*, 24 (1993) 43

**Power-line corridors**

Forest edges associated with power-line corridors and implications for corridor siting, *Landscape Urban Plann.*, 20 (1991) 315

**Prairie landscapes**

The suppression of native prairie by alien species introduced for revegetation, *Landscape Urban Plann.*, 17 (1989) 113

**Preference evaluation**

Ethnicity and preference for natural settings: a review and recent findings, *Landscape Urban Plann.*, 15 (1988) 107

**Preference testing**

The analysis of perception via preference: a strategy for studying how the environment is experienced, *Landscape Plann.*, 12 (1985) 161

Urban landscape and environmental quality preferences in Ibadan, Nigeria: an exploration, *Landscape Urban Plann.*, 19 (1990) 263

**Preservation**

Historical landscapes: an international preservation perspective, *Landscape Plann.*, 9 (1982) 91

Saving California farmland: the politics of preservation, *Landscape Plann.*, 9 (1983) 249

Preservation, parks and the vice-royalty: Lord Dufferin and Lord Grey in Canada, *Landscape Plann.*, 12 (1985) 141

Agricultural land as a real estate commodity: implications for farmland preservation in the North American urban fringe, *Landscape Plann.*, 12 (1985) 177

State farmland preservation programs within the Upper Mississippi River Basin: a comparison, *Landscape Plann.*, 12 (1986) 315

Farmland preservation: the role of off-farm income, *Landscape Urban Plann.*, 16 (1988) 357

**Private land accessibility**

Public access to private land — Allemansrätt in Sweden, *Landscape Urban Plann.*, 15 (1988) 253

**Property value**

Influence of trees on residential property values in Athens, Georgia (U.S.A.): a survey based on actual sales prices, *Landscape Urban Plann.*, 15 (1988) 153

**Prospect**

The emotional quality of scenes and observation points: a look at prospect and refuge, *Landscape Plann.*, 10 (1983) 355

**Protected areas**

Local and extra-local perceptions of national parks and protected areas, *Landscape Urban Plann.*, 13 (1986) 11

**Protection**

The impact of local infrastructural and development policies on agricultural land alienation, *Landscape Plann.*, 9 (1983) 209

The effectiveness of zoning for agricultural lands protection: a case study from Cache County, Utah, *Landscape Urban Plann.*, 13 (1986) 45

An assessment of the role of golf courses in Kent, England, in protecting wildlife and landscapes, *Landscape Urban Plann.*, 14 (1987) 143

**Psychology**

Structure of landscape preferences: A study based on large dams viewed in their landscape setting, *Landscape Plann.*, 2 (1975) 159

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

In quest of "natural man": human behaviour and design (Comments and Critiques), *Urban Ecol.*, 3 (1978) 189

Implied human influence reduces landscape beauty (Short Communication), *Landscape Plann.*, 7 (1980) 171

A study of on-site evaluation for site planning: Lake Kasumigaura, *Landscape Plann.*, 8 (1981) 235

What drives people to drink? Interpreting the effect of urban living on the use and abuse of alcohol, *Urban Ecol.*, 9 (1985) 195

An empirical study on the appraisals of landscape types by residential groups — Tsukuba Science City, *Landscape Plann.*, 10 (1983) 109

Application of wildland scenic assessment methods to the urban landscape, *Landscape Plann.*, 10 (1983) 219

The emotional quality of scenes and observation points: a look at prospect and refuge, *Landscape Plann.*, 10 (1983) 355

Individual and group reliability of landscape assessments (Short Communication), *Landscape Plann.*, 11 (1984) 67

Factors influencing landscape preferences: an empirical investigation, *Landscape Plann.*, 11 (1984) 293

Landscape preference and personality, *Landscape Urban Plann.*, 13 (1986) 19

Human responses to vegetation and landscapes, *Landscape Urban Plann.*, 13 (1986) 29

The influence of the environmental background of subjects on their landscape preference evaluation, *Landscape Urban Plann.*, 13 (1986) 125

The influence of the socio-economic background of subjects on their landscape preference evaluation (Short Communication), *Landscape Urban Plann.*, 13 (1986) 225

Sensitivity of scenic beauty assessments, *Landscape Urban Plann.*, 13 (1986) 319

Cultural and sub-cultural comparisons in preferences for natural settings, *Landscape Urban Plann.*, 14 (1987) 281

Perception and aesthetics of the urban environment: review of the role of vegetation, *Landscape Urban Plann.*, 15 (1988) 85

Ethnicity and preference for natural settings: a review and recent findings, *Landscape Urban Plann.*, 15 (1988) 107

The Brook Knolls Housing Cooperative Community: a case study for resident design of public open space, *Landscape Urban Plann.*, 17 (1989) 283

Community sensitivity to a hazardous waste facility, *Landscape Urban Plann.*, 17 (1989) 357

## Public health aspects

Water resources management and health: general remarks and a case study from Cameroon, *Landscape Urban Plann.*, 20 (1991) 111

## Public involvement

Fostering public awareness of the landscape during the preparation of a rural development plan for the Argonne region, *Landscape Plann.*, 7 (1980) 263

A community forestry planning process: case study of citizen participation, *Landscape Urban Plann.*, 15 (1988) 185

The Brook Knolls Housing Cooperative Community: a case study for resident design of public open space, *Landscape Urban Plann.*, 17 (1989) 283

Citizen participation in Frisco Main Street: revitalization, *Landscape Urban Plann.*, 17 (1989) 297

Park–people relationships: an international review, *Landscape Urban Plann.*, 19 (1990) 117

An overview of park–people interactions in Royal Chitwan National Park, Nepal, *Landscape Urban Plann.*, 19 (1990) 133

Wildlands and human needs: resource use in an African protected area, *Landscape Urban Plann.*, 19 (1990) 145

Agriculture, research andtourism in the landscape of Lake Baringo, Kenya, *Landscape Urban Plann.*, 19 (1990) 159

Rural society and protected area: which dialogue? The case study of Cevennes National Park and Biosphere Reserve (France), *Landscape Urban Plann.*, 19 (1990) 173

Development directions for a sacred site in India, *Landscape Urban Plann.*, 19 (1990) 181

Parks, protected areas and local populations: new international issues and imperatives, *Landscape Urban Plann.*, 19 (1990) 197

The role of cultural diversity and communal participation in wetland management in Brazil, *Landscape Urban Plann.*, 20 (1991) 61

The people's role in wetlands management: the Zambian initiative, *Landscape Urban Plann.*, 20 (1991) 73

The concept of participation in development, *Landscape Urban Plann.*, 20 (1991) 115

Social reality of people's participation: some experience of people's participation in a revolving fund for sustainable family farming in a Sri Lanka irrigation settlement, *Landscape Urban Plann.*, 20 (1991) 123

People's participation in environmental projects in developing countries, *Landscape Urban Plann.*, 20 (1991) 129

Planning with women for wise use of the environment. Research and practical issues, *Landscape Urban Plann.*, 20 (1991) 141

Enhancing participation of local people: some basic principles and an example from Burkina Faso, *Landscape Urban Plann.*, 20 (1991) 151

People's participation in wildlife utilization in Africa, *Landscape Urban Plann.*, 20 (1991) 159

Choice and preference in the Thames floodplain: the beginnings of a participatory approach, *Landscape Urban Plann.*, 20 (1991) 183

The transformation of traditional law: a tale of people's participation in irrigation management on Bali, *Landscape Urban Plann.*, 20 (1991) 189

Wetlands, regional planning and the development assistance community, *Landscape Urban Plann.*, 20 (1991) 211

Participation, strategies and ethics: roles of people in wetland management, *Landscape Urban Plann.*, 20 (1991) 231

Acceptance of national parks and participation of local people in decision-making processes, *Landscape Urban Plann.*, 20 (1991) 239

Where industry meets nature. How public concern has influenced the design of Swedish industrial landscapes during the 20th century, *Landscape Urban Plann.*, 23 (1992) 33

### Public participation

Public participation and scenic quality analysis, *Landscape Plann.*, 8 (1981) 3

### Public response

Altamont: public perceptions of a wind energy landscape, *Landscape Urban Plann.*, 14 (1987) 379

Community sensitivity to a hazardous waste facility, *Landscape Urban Plann.*, 17 (1989) 357

### Purchase of development rights

The history and use of purchase of development rights in the United States, *Landscape Urban Plann.*, 14 (1987) 237

## Q

### Quality of life

*See* Special Issue "The Quality of Life", *Urban Ecol.*, 3 (1978) 209–324

Accounting for benefits and costs of urban greenspace, *Landscape Urban Plann.*, 22 (1992) 41

## R

### Rain water harvesting

A plantation technique for salt-affected soils with shallow water table (technical note), *Landscape Urban Plann.*, 14 (1987) 445

### Ramsar Convention

Ramsar participation and wise use, *Landscape Urban Plann.*, 20 (1991) 269

### Reclamation

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

Eco-engineering — an ecological approach of land reclamation and improvement to landscape environment, *Landscape Plann.*, 4 (1977) 73

A suitability matrix for selecting land use alternatives for reclaimed strip mined areas, *Landscape Plann.*, 4 (1977) 257

Coastal sandmining and landscape rehabilitation in eastern Australia, *Landscape Plann.*, 6 (1979) 359

Rehabilitation and management of an Army training area, *Landscape Plann.*, 6 (1979) 375

A review of the Zuiderzee reclamation works: an example of Dutch physical planning, *Landscape Plann.*, 9 (1982) 35

Ecological principles and land reclamation practice, *Landscape Plann.*, 11 (1984) 35

Conservation and creation of wildlife habitats on industrial land in Greater Manchester, *Landscape Plann.*, 11 (1984) 175

Evaluating the success of land reclamation schemes, *Landscape Plann.*, 11 (1984) 187

The reclamation of derelict land for agriculture: technical economic and land-use planning issues, *Landscape Plann.*, 12 (1985) 49

Commercial highway landscape reclamation: a participatory approach, *Landscape Plann.*, 12 (1986) 353

Reclamation planning for coal strip-mined lands in Montana, *Landscape Urban Plann.*, 14 (1987) 45

Long-term prospects for farm grassland and woodland on reclaimed coal spoil sites, *Landscape Urban Plann.*, 14 (1987) 131

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

Vegetative stabilization of retorted oil shale on a steep, south-facing slope in Northwestern Colorado, *Landscape Urban Plann.*, 14 (1987) 497

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

The Gays River mine tailing revegetation study, *Landscape Urban Plann.*, 16 (1988) 283

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The long-term effect of *Eucalyptus* plantations on tin-mine spoil and its implication for reclamation, *Landscape Urban Plann.*, 17 (1989) 47

The effect of *Acacia albida* on tin-mine spoil and their possible use in reclamation, *Landscape Urban Plann.*, 17 (1989) 61

Direct seeding of black locust reduces herbaceous competition (Short Communication), *Landscape Urban Plann.*, 17 (1989) 73

*See* Special Issue "Reclamation and Revegetation", *Landscape Urban Plann.*, 17 (1989) 99–203

Grówth and stomatal responses of sugar maple in irrigated and non-irrigated landfill cover soil, *Landscape Urban Plann.*, 17 (1989) 215

Planning new landscapes: a comparison of the Columbia Basin Project and the IJsselmeerpolders, *Landscape Urban Plann.*, 18 (1989) 97

Environmental stress resistance and propagation studies of six *Cynodon dactylon* strains to assess reclamation suitability, *Landscape Urban Plann.*, 19 (1990) 281

Reclamation of acid coal refuse, *Landscape Urban Plann.*, 20 (1991) 309

Establishment of *Aloe greatheadii* var. *davyana* from seed for use in reclamation trials, *Landscape Urban Plann.*, 23 (1992) 47

Environmental problems and proposals to reclaim the areas affected by mining exploitations in the Cartagena mountains (southeast Spain), *Landscape Urban Plann.*, 23 (1993) 195

## Recreation

Changing scenic values and tourist carrying capacity of national parks. An Australian example, *Landscape Plann.*, 1 (1974) 35

Microclimate and recreational value of tree plantings in deserts, *Landscape Plann.*, 1 (1974) 329

Planning for water recreation in Israel, *Landscape Plann.*, 2 (1975) 45

Planning and Development of the Tourist Industry Symposium 1975 — Planning for tourism seen imperative (Conference Report), *Landscape Plann.*, 2 (1975) 157

Carrying capacity as a planning concept for national parks: available or desirable capacity?, *Landscape Plann.*, 2 (1976) 243

Forests near Moscow as territories of mass recreaction and tourism, *Urban Ecol.*, 2 (1977) 371

Nature conservation and skiing resorts: problems of social evaluation in Spain, *Landscape Plann.*, 3 (1976) 89

Recreational planning for energy conservation, *Urban Ecol.*, 3 (1978) 111

Scenic and recreational highway study for the State of Washington, *Landscape Plann.*, 3 (1976) 151

The impact of recreaction on the coast: the Lindsey County Council (Sandhills) Act, 1932, *Landscape Plann.*, 4 (1977) 53

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

Contribution to reflections on rural landscapes, *Landscape Plann.*, 7 (1980) 223

Planning green spaces for seaside resorts developed on the Languedoc Roussillon coast, *Landscape Plann.*, 7 (1980) 281

Outdoor recreation in The Netherlands. I. A review of some research aspects in connection with multi-purpose rural reconstruction, *Landscape Plann.*, 7 (1980) 313

Outdoor recreation in The Netherlands. II. A system to determine the planning capacity of outdoor recreation projects having varying daily attendance, *Landscape Plann.*, 7 (1980) 329

Planning capacity and the capacity of planning: a critical objection (Short Communication), *Landscape Plann.*, 7 (1980) 387

Recreation design alternatives for a disturbed urban landform, *Landscape Plann.*, 8 (1981) 31

The public's image of urban parks: past amenity, present ambivalance, uncertain future, *Urban Ecol.*, 8 (1984) 243

The management of wave-spending vegetation as bank protection against boat wash, *Landscape Plann.*, 10 (1983) 15

Evaluation of trail erosion in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 12 (1985) 29

Natural area planning for recreational use transition, *Landscape Plann.*, 12 (1985) 111

The perception of dimensions of space and levels of infrastructure and its application in landscape planning, *Landscape Plann.*, 12 (1986) 337

Policy preferences and social economic values to resolve pastoralism–tourism conflicts, *Landscape Plann.*, 12 (1986) 387

Public response to differences between visually distinguishable forest stands in a recreation area, *Landscape Urban Plann.*, 14 (1987) 211

A procedure for assessing recreational carrying capacity of coastal resort areas, *Landscape Urban Plann.*, 14 (1987) 331

Predicting daily use of urban forest recreation sites, *Landscape Urban Plann.*, 15 (1988) 127

Public access to private land — Allemansrätt in Sweden, *Landscape Urban Plann.*, 15 (1988) 253

Ultimate Environmental Threshold (UET) method in a marine environment (Great Barrier Reef Marine Park in Australia), *Landscape Urban Plann.*, 15 (1988) 327

Water for amenity and recreation: legal constraints on planning and management for the River Wye, *Landscape Urban Plann.*, 16 (1988) 105

Water recreation in North America, *Landscape Urban Plann.*, 16 (1988) 127

Planning for avian wildlife in urbanizing areas in American desert/mountain valley environments, *Landscape Urban Plann.*, 16 (1988) 245

A path for the Palouse: an example of conservation and recreation planning, *Landscape Urban Plann.*, 17 (1989) 1

Agriculture and landscape in The Netherlands: the fourth report on physical planning (1988), *Landscape Urban Plann.*, 18 (1990) 247

Park–people relationships: an international review, *Landscape Urban Plann.*, 19 (1990) 117

Agriculture, research and tourism in the landscape of Lake Baringo, Kenya, *Landscape Urban Plann.*, 19 (1990) 159

Resource assessment for recreation and tourism: a New Zealand example, *Landscape Urban Plann.*, 19 (1990) 291

Wetland management — traditional rights and recreational uses: the Tonda Wildlife Management Area of Papua New Guinea, *Landscape Urban Plann.*, 20 (1991) 67

Habitat, visual and recreational values and the planning of extractive development and protected areas: a tale of three islands, *Landscape Urban Plann.*, 21 (1991) 109

Golf: A conflicting recreational activity in the Madrid Autonomous Area (Spain), *Landscape Urban Plann.*, 23 (1993) 209

Impact of tourism on the mountain landscape of central Italy, *Landscape Urban Plann.*, 24 (1993) 49

Ecotourism, landscape architecture and urban planning, *Landscape Urban Plann.*, 25 (1993) 1

**Refuge**

The emotional quality of scenes and observation points: a look at prospect and refuge, *Landscape Plann.*, 10 (1983) 355

**Regional planning**

Regional planning in the United States: historic and contemporary examples, *Landscape Plann.*, 10 (1983) 297

**Regional structure**

Determining the regional context for landscape planning, *Landscape Plann.*, 10 (1983) 269

**Rehabilitation**

Government regulatory control of surface mining operations — new performance guideline models for progressive rehabilitation, *Landscape Plann.*, 12 (1985) 15

Rehabilitation after bauxite mining in south-western Australia, *Landscape Plann.*, 12 (1985) 75

**Religion**

Religion and environmental attitudes. Cause and effects? (News and Views), *Landscape Plann.*, 12 (1985) 311

Development directions for a sacred site in India, *Landscape Urban Plann.*, 19 (1990) 181

Conservation of coastal lagoons in Ghana: the traditional approach, *Landscape Urban Plann.*, 20 (1991) 41

Islamic traditions and contemporary open space design in Arab-Muslim settlements in the Middle East, *Landscape Urban Plann.*, 23 (1993) 97

**Remembrement**

Landscape ecology and rural re-structuring in Belgium, *Landscape Urban Plann.*, 14 (1987) 415

**Remote sensing**

Landscape education and research at the International Institute for Aerospace Survey and Earth Sciences (ITC), *Landscape Urban Plann.*, 13 (1986) 447

Landscape education and research at the International Institute for Aerospace Survey and Earth Sciences (ITC) (Erratum), *Landscape Urban Plann.*, 14 (1987) 179

An analysis of urban tree communities using Landsat Thematic Mapper data, *Landscape Urban Plann.*, 15 (1988) 11

The transformation of the Mediterranean landscapes: an experience of 25 years of observations, *Landscape Urban Plann.*, 24 (1993) 3

An analysis of tree mortality in southern California using high spatial resolution remotely sensed spectral radiances: a climatic change scenario, *Landscape Urban Plann.*, 24 (1993) 87

Global Positioning System as a tool for ecosystem studies at the landscape level: an application in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 95

Deriving dynamic information on fire fuel distributions in southern Californian chaparral from remotely sensed data, *Landscape Urban Plann.*, 24 (1993) 113

## Republic of Indonesia

Integrating mangrove and swamp forests conservation with coastal lowland development; the Banyuasin Sembilang swamps case study, South Sumatra Province, Indonesia, *Landscape Urban Plann.*, 20 (1991) 85

Food from Indonesia's swamp forest: ideology or rationality?, *Landscape Urban Plann.*, 20 (1991) 95

The transformation of traditional law: a tale of people's participation in irrigation management on Bali, *Landscape Urban Plann.*, 20 (1991) 189

## Research facilities

Recommendations for a new Spanish Institute of Environmental Analysis, *Landscape Plann.*, 2 (1975) 31

From landscape care to research in landscape planning, *Landscape Plann.*, 3 (1976) 363

## Research plans

Landscape studies in Australia, *Landscape Plann.*, 6 (1979) 255

## Reservoirs

Landscape project. Brenig Reservoir, *Landscape Plann.*, 10 (1983) 65

Landscape ecological approach to hilly basin restoration in Sicily: the Magazzolo River near Bivona, *Landscape Urban Plann.*, 24 (1993) 197

## Resident's satisfaction

Residents' satisfaction and neighbourhood characteristics in Japanese urban communities, *Landscape Urban Plann.*, 15 (1988) 201

## Residential preference

Assessment of the natural environment — a determinant of residential preferences?, *Urban Ecol.*, 7 (1983) 325

## Resource competition

Resource competition in the Kennett region of Pennsylvania, *Landscape Plann.*, 8 (1981) 175

## Resource surveys

An appraisal of inter-disciplinary resource surveys (ecological land classification), *Landscape Plann.*, 10 (1983) 317

## Revegetation

Ecological principles and land reclamation practice, *Landscape Plann.*, 11 (1984) 35

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

The Gays River mine tailing revegetation study, *Landscape Urban Plann.*, 16 (1988) 283

*See* Special Issue "Reclamation and Revegetation", *Landscape Urban Plann.*, 17 (1989) 99–203

Seed reserves in stockpiled topsoil on a coal stripmine near Kemmerer, Wyoming, *Landscape Urban Plann.*, 17 (1989) 169

Revegetation of tripoli quarries in the Ozark Highlands of Oklahoma, *Landscape Urban Plann.*, 17 (1989) 175

Revegetation of a contaminated zinc smelter site, *Landscape Urban Plann.*, 17 (1989) 241

Transplanting shrubs for revegetation of salt-affected soils (Short Communication), *Landscape Urban Plann.*, 19 (1990) 377

Reclamation of acid coal refuse, *Landscape Urban Plann.*, 20 (1991) 309

Establishment of *Aloe greatheadii* var. *davyana* from seed for use in reclamation trials, *Landscape Urban Plann.*, 23 (1992) 47

### River landscapes

Simulating alternative policies for implementing the Massachusetts Scenic and Recreational Rivers Act: the North River demonstration project, *Landscape Plann.*, 6 (1979) 51

Return to the rivers of discovery of western Canada, *Landscape Plann.*, 6 (1979) 237

Alligator Rivers Region in Northern Australia — a case study in land use planning, *Landscape Plann.*, 6 (1979) 299

Design in the river landscape, *Landscape Plann.*, 10 (1983) 31

The management of river vegetation with particular reference to shading effects of marginal vegetation, *Landscape Plann.*, 10 (1983) 147

Conservation options for the Blackstone River Valley, *Landscape Urban Plann.*, 13 (1986) 81

The Thames Barrier, *Landscape Urban Plann.*, 16 (1988) 57

Water for amenity and recreation: legal constraints on planning and management for the River Wye, *Landscape Urban Plann.*, 16 (1988) 105

Benefits from the development of the Tennessee River, *Landscape Urban Plann.*, 16 (1988) 163

Quantitative study of fluvial landscapes. Case study in Madrid, Spain, *Landscape Urban Plann.*, 16 (1988) 201

Multi-model habitat suitability index analysis in the Red River Valley, *Landscape Urban Plann.*, 17 (1989) 261

Choice and preference in the Thames floodplain: the beginnings of a participatory approach, *Landscape Urban Plann.*, 20 (1991) 183

Ecosystem modeling as a method for designing synthetic fluvial landscapes: a case study of the Salt River in Arizona, *Landscape Urban Plann.*, 20 (1991) 291

Landscape and environmental planning in the Po delta, *Landscape Urban Plann.*, 24 (1993) 191

### Road building

Impact of road building, urbanisation and general infrastructural development on the Nigerian rainforest ecosystem, *Landscape Plann.*, 8 (1981) 21

### *Robinia pseudoacacia*

Direct seeding of black locust reduces herbaceous competition (Short Communication), *Landscape Urban Plann.*, 17 (1989) 73

### Rural land

*See* Agricultural lands, Countryside management

# S

### Sacred sites

Development directions for a sacred site in India, *Landscape Urban Plann.*, 19 (1990) 181

### Salinity tolerance

Screening for salinity and waterlogging tolerance in five *Casuarina* species, *Landscape Urban Plann.*, 17 (1989) 331

Transplanting shrubs for revegetation of salt-affected soils (Short Communication), *Landscape Urban Plann.*, 19 (1990) 377

### Salt seeps

Growth of tree species on ploughed mounds near a saline seep, *Landscape Urban Plann.*, 17 (1989) 189

### Scenic beauty

*See* Aesthetics

### Scenic Beauty Estimation procedure

Sensitivity of scenic beauty assessments, *Landscape Urban Plann.*, 13 (1986) 319

### *Schinus molle*

The introduction and naturalization of *Schinus molle* (pepper tree) in Riverside, California, *Landscape Urban Plann.*, 18 (1989) 77

### *Scirpus lacustris*

Ecological, economic and social aspects of natural and man-made bulrush (*Scirpus lacustris* L.) wetlands in The Netherlands, *Landscape Urban Plann.*, 20 (1991) 33

### Segregation

Ecological segregation: a spatial clustering analysis, *Urban Ecol.*, 7 (1982) 47

**Senegal**

Management of the Djoudj National Park in Senegal, *Landscape Urban Plann.*, 20 (1991) 81

Management of an African floodplain: a contribution to the anthropology of public policy, *Landscape Urban Plann.*, 20 (1991) 215

**Shading effects**

The management of river vegetation with particular reference to shading effects of marginal vegetation, *Landscape Plann.*, 10 (1983) 147

Geometric solids for simulation of tree crowns, *Landscape Urban Plann.*, 15 (1988) 79

**Ship waves**

The management of wave-spending vegetation as bank protection against boat wash, *Landscape Plann.*, 10 (1983) 15

**Shopping centres**

An environmental assessment procedure for shopping centres, *Urban Ecol.*, 7 (1983) 185

Town and transport planning and the development of retail trade in metropolitan areas of West Germany, *Landscape Urban Plann.*, 22 (1992) 121

**Sierra Leone**

Development of wetlands in Sierra Leone: farmers' rationality opposed to government policy, *Landscape Urban Plann.*, 20 (1991) 223

**Singapore**

Urban constraints, political imperatives: environmental 'design' in Singapore, *Landscape Urban Plann.*, 25 (1993) 37

**SIRO-PLAN**

An assessment of a rational approach to drawing up local government zoning schemes, *Landscape Urban Plann.*, 15 (1988) 303

**Site assessment**

The use of the agricultural land evaluation and site assessment system in the United States, *Landscape Urban Plann.*, 14 (1987) 183

**Skiing resorts**

Nature conservation and skiing resorts: problems of social evaluation in Spain, *Landscape Plann.*, 3 (1976) 89

**Sky**

Perceptions of the sky in five metropolitan areas, *Urban Ecol.*, 8 (1984) 199

**Slovenia**

Landscape planning education as a reflection of social and spatial conditions: a model of Ljubljana University, *Landscape Urban Plann.*, 13 (1986) 411

Conservation planning within a framwork of landscape planning in Slovenia, *Landscape Urban Plann.*, 23 (1993) 233

**Slums**

Evaluation and options for improvement of the environment in a slum upgrading project in Nairobi, Kenya, *Landscape Urban Plann.*, 18 (1989) 153

**Social ecology, general**

Ecology of urban social change — an American example, *Urban Ecol.*, 7 (1983) 307

Regulations and incentives as solutions to the social dilemma in wetland management, *Landscape Urban Plann.*, 20 (1991) 197

Nature experience in transactional perspective, *Landscape Urban Plann.*, 25 (1993) 17

**Social interests**

Social equity in agricultural land protection, *Landscape Urban Plann.*, 17 (1989) 21

**Social organization**

Landscape patterns of local social organization and their importance for land use planning, *Landscape Plann.*, 8 (1981) 193

**Social perception**

Social perception and environmental quality, *Urban Ecol.*, 4 (1979) 119

### Social science methodology

A visual information system and its use in urban planning, *Urban Ecol.*, 4 (1979) 29

Social science methods in landscape architecture design, *Landscape Plann.*, 8 (1981) 137

### Social stability

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

### Socialist countries, general

Problems and objectives of landscape architecture and landscape planning in the German Democratic Republic, *Landscape Plann.*, 2 (1975) 1

Landscape planning education in European socialist countries (Educational Survey), *Landscape Urban Plann.*, 13 (1986) 359

Landscape planning education as a reflection of social and spatial conditions: a model of Ljubljana University, *Landscape Urban Plann.*, 13 (1986) 411

Yugoslav experience in the decentralisation of urban and regional planning systems (Short Communication), *Landscape Urban Plann.*, 14 (1987) 441

The Socialist face of the GDR: eastern Germany's landscape — past, present and future, *Landscape Urban Plann.*, 22 (1992) 137

### Socio-economic factors

Tapiola: an unique experimental design separating socioeconomic class from housing and community environmental factors in health and well-being. A methodological note, *Urban Ecol.*, 2 (1976) 55

Some ecological factors associated with health and social adaptation in the City of Rotterdam, *Urban Ecol.*, 2 (1977) 205

Regional socioeconomic impacts of declining net energy, *Urban Ecol.*, 3 (1978) 101

Identifying the factors which influence the care of public places, *Urban Ecol.*, 3 (1978) 355

Energy use in Hong Kong: Part IV. Socioeconomic distribution, patterns of personal energy use, and the energy slave syndrome, *Urban Ecol.*, 4 (1979) 179

Urban earthquake hazard in developing countries: squatter settlements and the outlook for Turkey, *Urban Ecol.*, 4 (1980) 317

Toward a synthesis of mountains, people, and institutions, *Landscape Plann.*, 6 (1979) 109

Energy efficiency and equity of various land use patterns, *Urban Ecol.*, 7 (1982) 1

Absorption correlates of relocated households, *Urban Ecol.*, 7 (1983) 239

The influence of the socio-economic background of subjects on their landscape preference evaluation (Short Communication), *Landscape Urban Plann.*, 13 (1986) 225

The adaptation of the social and structural policy of the EEC to the changed market situation: the protection of the countryside, *Landscape Urban Plann.*, 18 (1990) 197

Management of an African floodplain: a contribution to the anthropology of public policy, *Landscape Urban Plann.*, 20 (1991) 215

Prospects of Köprülü Kanyon National Park for meeting both conservation targets and people's need for development, *Landscape Urban Plann.*, 24 (1993) 143

The dynamics of the forest landscape of Haut-Saint-Laurent (Quebec, Canada): interactions between biophysical factors, perceptions and policy, *Landscape Urban Plann.*, 25 (1993) 53

### Soil characteristics

Species structure and soil characteristics of five urban forest sites along the New Jersey palisades, *Urban Ecol.*, 8 (1984) 149

Enzyme activities in reclaimed coal mine spoils and soils, *Landscape Urban Plann.*, 14 (1987) 359

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

Nitrogen and carbon accretion on Ohio coal minesoils: influence of soil-forming factors, *Landscape Urban Plann.*, 17 (1989) 99

### Soil mapping

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

### South Africa

A procedure for land capability analysis in southern Africa, based on computer overlay techniques, *Landscape Plann.*, 11 (1984) 269

A review of coastal dune stabilization in the Cape province of South Africa, *Landscape Urban Plann.*, 18 (1989) 55

## Spain

Recommendations for a new Spanish Institute of Environmental Analysis, *Landscape Plann.*, 2 (1975) 31

*See* Special Issue: "Landscape Planning in Spain", *Landscape Plann.*, 3 (1976) 5–140

Natural landscapes in Spain. I. The National Institute of Nature Conservancy (ICONA). Functions and achievements, *Landscape Plann.*, 3 (1976) 9

Natural landscapes in Spain. II. Ideas and real concern for landscape planning, *Landscape Plann.*, 3 (1976) 25

A computer model for land-use planning. Case study of a rural derelict area: Ayllón, Spain, *Landscape Plann.*, 3 (1976) 101

Geochemistry of bedrock; its effect on the planting and maintenance of roadcuts along the Bilbao–Behobia motorway (northern Spain), *Landscape Plann.*, 4 (1977) 173

Environmental survey along the Santander–Unquera coastal strip, northern Spain, and assessment of its capacity for development, *Landscape Plann.*, 7 (1980) 23

Landscape perception by its traditional users: the ideal landscape of Madrid livestock raisers, *Landscape Plann.*, 9 (1983) 279

Water and landscape in Madrid: possibilities and limitations, *Landscape Urban Plann.*, 16 (1988) 69

Water, a cultural heritage, *Landscape Urban Plann.*, 16 (1988) 93

Quantitative study of fluvial landscapes. Case study in Madrid, Spain, *Landscape Urban Plann.*, 16 (1988) 201

Landscape perception and technological change in the central mountains of Spain, *Landscape Urban Plann.*, 18 (1989) 1

Crisis and permanence of the traditional Mediterranean landscape in the central region of Spain, *Landscape Urban Plann.*, 23 (1993) 155

Environmental problems and proposals to reclaim the areas affected by mining exploitations in the Cartagena mountains (southeast Spain), *Landscape Urban Plann.*, 23 (1993) 195

Golf: A conflicting recreational activity in the Madrid Autonomous Area (Spain), *Landscape Urban Plann.*, 23 (1993) 209

Global Positioning System as a tool for ecosystem studies at the landscape level: an application in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 95

Sensitivity of fire occurrence to meteorological variables in Mediterranean and Atlantic areas of Spain, *Landscape Urban Plann.*, 24 (1993) 129

Ecological effects of harvesting biomass for energy in the Spanish Mediterranean, *Landscape Urban Plann.*, 24 (1993) 227

## Spatial analysis techniques

Data-intensive spatial sampling and multiple hierarchical clustering: methodological approaches toward cost/time efficiency in natural resource assessment, *Landscape Plann.*, 5 (1978) 1

A conceptual and historical basis for spatial analysis, *Landscape Urban Plann.*, 17 (1989) 313

Tima lags between spatial pattern changes and species distribution changes in dynamic landscapes, *Landscape Urban Plann.*, 24 (1993) 161

## Sri Lanka

Social reality of people's participation: some experience of people's participation in a revolving fund for sustainable family farming in a Sri Lanka irrigation settlement, *Landscape Urban Plann.*, 20 (1991) 123

## Stepped terrace housing

Gardens for stepped terrace housing, *Urban Ecol.*, 1 (1975) 49

## Storm-water management techniques

Urban vegetation impacts on the hydrology of Dayton, Ohio, *Urban Ecol.*, 9 (1986) 361

Integrating storm-water management concept for the development of the Kuantu Plain in the city of Taipei, *Landscape Urban Plann.*, 18 (1989) 37

## Strauch, Adolph

Adolph Strauch, father of the lawn plan, *Landscape Plann.*, 2 (1976) 283

## Street tree systems

Diversity in the street trees of Syracuse, New York, *Urban Ecol.*, 5 (1981) 33

Diversity and stability in a street tree population, *Urban Ecol.*, 7 (1983) 159

Comment on N.A. Richards' diversity and stability in a street tree population (Comments and Critiques), *Urban Ecol.*, 7 (1983) 173

Relative use of municipal street trees by birds during summer in State College, Pennsylvania, *Urban Ecol.*, 9 (1986) 387

A framework for street tree planning in urban areas in Israel, *Landscape Urban Plann.*, 19 (1990) 203

Approach to determine effective sampling size for urban street tree survey, *Landscape Urban Plann.*, 20 (1991) 277

## Stress

Culture and the subjective effects of stress, *Urban Ecol.*, 3 (1978) 241

Effects of crowding on health and social adaptation in the City of Chicago, *Urban Ecol.*, 3 (1978) 327

## Subsidy-stress

Hierarchy and subsidy-stress as a theoretical basis for managing environmentally sensitive areas, *Landscape Urban Plann.*, 21 (1991) 31

## Succession

Vegetation management by minimal intervention: working with succession, *Landscape Plann.*, 8 (1981) 149

## Sugar maple

Growth and stomatal responses of sugar maple in irrigated and non-irrigated landfill cover soil, *Landscape Urban Plann.*, 17 (1989) 215

## Surface mining

Environmental analysis of quarrying: an Israeli experience, *Landscape Plann.*, 1 (1974) 289

A suitability matrix for selecting land use alternatives for reclaimed strip mined areas, *Landscape Plann.*, 4 (1977) 257

Coastal sandmining and landscape rehabilitation in eastern Australia, *Landscape Plann.*, 6 (1979) 359

The papercourt and bush farm agricultural restoration experiments (Views and Ideas), *Landscape Plann.*, 7 (1980) 75

Impact of road building, urbanisation and general infrastructural development on the Nigerian rainforest ecosystem, *Landscape Plann.*, 8 (1981) 21

Recreation design alternatives for a disturbed urban landform, *Landscape Plann.*, 8 (1981) 31

Energy use and production: agriculture and coal mining, *Landscape Plann.*, 10 (1983) 3

Minerals Conference (Conference Report), *Landscape Plann.*, 10 (1983) 81

The design and development of gravel pits for wildlife in Milton Keynes, England, *Landscape Plann.*, 11 (1984) 19

Government regulatory control of surface mining operations — new performance guideline models for progressive rehabilitation, *Landscape Plann.*, 12 (1985) 15

Grass competition and establishment of native species from forest soil seed banks, *Landscape Urban Plann.*, 17 (1989) 135

Infiltration rates and erosion associated with reclaimed coal mine spoils in west central New Mexico, *Landscape Urban Plann.*, 17 (1989) 151

The practice of "approximate original contour" in the central Appalachians. I. Slope stability and erosion potential, *Landscape Urban Plann.*, 18 (1989) 127

The practice of "approximate original contour" in the central Appalachians. II. Economic and environmental consequences of an alternative, *Landscape Urban Plann.*, 18 (1989) 139

Establishment of hardwood tree and shrub species on a Texas lignite mine using irrigation, mulch and shade, *Landscape Urban Plann.*, 25 (1993) 85

## Sustainable development

Ekistics and energetics: a sustainable future planning approach (Short Communication), *Urban Ecol.*, 4 (1979) 227

*See* Special Issue "Sustainable Development", *Landscape Plann.*, 12 (1985) 203–314

Sustaining landscapes: sustaining societies (Keynote Address), *Landscape Urban Plann.*, 13 (1986) 349

A transcultural view of sustainable development. The landscape of design, *Landscape Urban Plann.*, 13 (1986) 401

Sustainable development: conceptual issues, an operational model and its implications for Australia, *Landscape Urban Plann.*, 23 (1993) 107

## Sustainable landscapes

Toward a sustainable landscape with high visual preference and high ecologial integrity: the Loop Road in Acadia National Park, U.S.A., *Landscape Urban Plann.*, 19 (1990) 213

Sustainable development in professional planning: a potential contribution of the EIA and UET concepts, *Landscape Urban Plann.*, 19 (1990) 307

Sustainable development of mangroves, *Landscape Urban Plann.*, 20 (1991) 103

### Sustainable resource development

Ecological and economic rehabilitation of degraded 'Espinales' in the subhumid Mediterranean-climate region of central Chile, *Landscape Urban Plann.*, 24 (1993) 15

### Sweden

Villages in transition. Six Swedish hamlets during the last 200 years, *Landscape Plann.*, 11 (1984) 151

Public access to private land — Allemansrätt in Sweden, *Landscape Urban Plann.*, 15 (1988) 253

Where industry meets nature. How public concern has influenced the design of Swedish industrial landscapes during the 20th century, *Landscape Urban Plann.*, 23 (1992) 33

### Switzerland

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

Vista management in Acadia National Park, *Landscape Urban Plann.*, 19 (1990) 353

Erratum: Vista management in Acadia National Park, *Landscape Urban Plann.*, 20 (1991) 357

### SYLVATICA

SYLVATICA: an integrated framework for forest landscape simulation, *Landscape Urban Plann.*, 21 (1992) 281

### Sylvo-pastoral systems

Model for a new sylvo-pastoral system in the Mamora cork-oak forest, *Landscape Urban Plann.*, 13 (1986) 55

### Systems analysis

The city system and the use of entropy in urban analysis, *Urban Ecol.*, 2 (1976) 33

### Systems engineering

Polyfunctional landscape evaluation — aims and methods, *Landscape Urban Plann.*, 13 (1986) 135

## T

### Taiwan

Integrating storm-water management concept for the development of the Kuantu Plain in the city of Taipei, *Landscape Urban Plann.*, 18 (1989) 37

### Technology, general

Art, science, technology, democracy and the landscape, *Landscape Plann.*, 1 (1974) 51

Urban environmental planning and alternative technology: a speculative discussion, *Urban Ecol.*, 5 (1981) 1

The reclamation of derelict land for agriculture: technical economic and land-use planning issues, *Landscape Plann.*, 12 (1985) 49

The Thames Barrier, *Landscape Urban Plann.*, 16 (1988) 57

The world has changed: can planning change?, *Landscape Urban Plann.*, 22 (1992) 73

### Teaching

*See* Education and training

### Temperature patterns

Parameterization of heat storage in urban areas, *Urban Ecol.*, 5 (1981) 45

A preliminary attempt at a thermal division of the town of Münster (North Rhine–Westphalia, West Germany) on a floral and vegetational basis, *Urban Ecol.*, 7 (1983) 255

Association of urban temperatures with land use and surface materials, *Landscape Urban Plann.*, 14 (1987) 21

### Terrain analysis

The application of a method for terrain analysis to functional land-capability assessment and aesthetic landscape appreciation, *Landscape Plann.*, 8 (1981) 269

### The Netherlands

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

Fifty years of rural landscape planning in the Netherlands (Conference Report), *Landscape Plann.*, 2 (1975) 197

Some ecological factors associated with health and social adaptation in the City of Rotterdam, *Urban Ecol.*, 2 (1977) 205

Landscape planning: a cooperative effort; a professional activity, *Landscape Plann.*, 3 (1976) 371

Perception and experience of traffic noise in a residential district along a State Highway, *Urban Ecol.*, 4 (1979) 161

Physiognomic landscape mapping in The Netherlands, *Landscape Plann.*, 5 (1978) 45

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

Outdoor recreation in The Netherlands. I. A review of some research aspects in connection with multi-purpose rural reconstruction, *Landscape Plann.*, 7 (1980) 313

Outdoor recreation in The Netherlands. II. A system to determine the planning capacity of outdoor recreation projects having varying daily attendance, *Landscape Plann.*, 7 (1980) 329

A review of the Zuiderzee reclamation works: an example of Dutch physical planning, *Landscape Plann.*, 9 (1982) 35

Automated production of landscape maps for physical planning in The Netherlands, *Landscape Plann.*, 11 (1984) 205

The perception of dimensions of space and levels of infrastructure and its application in landscape planning, *Landscape Plann.*, 12 (1986) 337

Critique and theory in Dutch landscape architecture, *Landscape Urban Plann.*, 13 (1986) 277

Planning new landscapes: a comparison of the Columbia Basin Project and the IJsselmeerpolders, *Landscape Urban Plann.*, 18 (1989) 97

Agriculture and landscape in The Netherlands: the fourth report on physical planning (1988), *Landscape Urban Plann.*, 18 (1990) 247

The structure of green areas in the urban agglomeration of the western Netherlands. The Dutch approach: planning a Randstadgroenstructuur, *Landscape Urban Plann.*, 18 (1990) 257

Landscape planning for industrial agriculture: a proposed framework for rural areas, *Landscape Urban Plann.*, 18 (1990) 275

Conservation of brooks in small watersheds: a case for planning, *Landscape Urban Plann.*, 19 (1990) 55

Mussel fishery in the international Wadden Sea, consistent with "wise use"?, *Landscape Urban Plann.*, 20 (1991) 27

Ecological, economic and social aspects of natural and man-made bulrush (*Scirpus lacustris* L.) wetlands in The Netherlands, *Landscape Urban Plann.*, 20 (1991) 33

Instruments for combining intensive diary farming and nature conservation in The Netherlands, *Landscape Urban Plann.*, 20 (1991) 205

Integrated water management: a new concept. From treating of symptoms towards a controlled ecosystem management in the Dutch Delta, *Landscape Urban Plann.*, 20 (1991) 245

Dutch growth management: the two faces of success, *Landscape Urban Plann.*, 22 (1992) 93

## Thermodynamics

Cassandra and the horn of plenty: ecological and thermodynamic constraints and economic goals, *Urban Ecol.*, 2 (1976) 15

The city system and the use of entropy in urban analysis, *Urban Ecol.*, 2 (1976) 33

## Third World

*See* Developing world, general

## Tin mining

A review of the bureaucratic, political and legislative problems encountered in the reclamation of the Plateau tinfields of Nigeria, *Landscape Urban Plann.*, 17 (1989) 35

The long-term effect of *Eucalyptus* plantations on tin-mine spoil and its implication for reclamation, *Landscape Urban Plann.*, 17 (1989) 47

The effect of *Acacia albida* on tin-mine spoil and their possible use in reclamation, *Landscape Urban Plann.*, 17 (1989) 61

## Topography

Some environmental relationships between topography, built form, landscape and microclimate in Brisbane's city centre, *Urban Ecol.*, 3 (1978) 155

### Topsoil replacement

Organic amendments compared to topsoil replacement for prime farmland reclamation, *Landscape Urban Plann.*, 17 (1989) 197

### Tourism

*See* Recreation

### Traffic

Recreational planning for energy conservation, *Urban Ecol.*, 3 (1978) 111

The effect of urban form on transport energy patterns, *Urban Ecol.*, 3 (1978) 125

Perception in traffic, *Urban Ecol.*, 4 (1979) 139

Perception and experience of traffic noise in a residential district along a State Highway, *Urban Ecol.*, 4 (1979) 161

Health effect of a bus ride in an urban environment, *Urban Ecol.*, 7 (1983) 229

### Training

*See* Education and training

### Transactional perspective

Nature experience in transactional perspective, *Landscape Urban Plann.*, 25 (1993) 17

### Transhumance

A relict of vegetational landscape related to seasonal migratory grazing in the south of Italy: the 'Bosco dell'Incoronata' (Foggia) Southern Italy, *Landscape Urban Plann.*, 24 (1993) 55

### Transmission lines

Automated mapping of visual impacts in utility corridors, *Landscape Urban Plann.*, 16 (1988) 261

### Transmission towers

Camouflage painting of steel lattice transmission towers, with particular reference to England and Wales, *Landscape Urban Plann.*, 14 (1987) 345

Forest edges associated with power-line corridors and implications for corridor siting, *Landscape Urban Plann.*, 20 (1991) 315

### Transportation systems

Joint development in urban transportation: a practical approach to modern growth management, *Landscape Urban Plann.*, 20 (1991) 325

Town and transport planning and the development of retail trade in metropolitan areas of West Germany, *Landscape Urban Plann.*, 22 (1992) 121

### Tree crown cover

Correlations between urban tree crown cover and total population in eight U.S. cities (Short Communication), *Landscape Urban Plann.*, 13 (1986) 219

### Tree damage

Trees on building sites, *Landscape Plann.*, 1 (1974) 255

Increment core analysis of declining Norway maples, *Acer platanoides*, *Urban Ecol.*, 9 (1986) 309

Tree damage in Darwin parks and gardens during Cyclones Tracy and Max, *Landscape Plann.*, 10 (1983) 89

Legal liability for defective trees in the United States, *Landscape Urban Plann.*, 15 (1988) 173

An analysis of tree mortality in southern California using high spatial resolution remotely sensed spectral radiances: a climatic change scenario, *Landscape Urban Plann.*, 24 (1993) 87

Crown structure modifications in relation to air pollution, *Landscape Urban Plann.*, 24 (1993) 167

Inventory of forest damage in Tuscany (1987–1990). Preliminary considerations, *Landscape Urban Plann.*, 24 (1993) 175

### Trees, general

Diversity in the street trees of Syracuse, New York, *Urban Ecol.*, 5 (1981) 33

Survey of urban tree programs in the United States, *Urban Ecol.*, 5 (1981) 81

Diversity and stability in a street tree population, *Urban Ecol.*, 7 (1983) 159

Comment on N.A. Richards' diversity and stability in a street tree population (Comments and Critiques), *Urban Ecol.*, 7 (1983) 173

*See* Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 1–178

Preface to Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 3

*See* Special Issue "Ecology of the Urban Forest, Part II: Function", *Urban Ecol.*, 9 (1986) 227–434

Human responses to vegetation and landscapes, *Landscape Urban Plann.*, 13 (1986) 29

The status and prospects of urban trees in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 1

Woody vegetation in settlements, *Landscape Urban Plann.*, 14 (1987) 57

Influence of trees on residential property values in Athens, Georgia (U.S.A.): a survey based on actual sales prices, *Landscape Urban Plann.*, 15 (1988) 153

Local programs in the United States for preventing the destruction of trees on private land, *Landscape Urban Plann.*, 15 (1988) 165

Growth of tree species on ploughed mounds near a saline seep, *Landscape Urban Plann.*, 17 (1989) 189

Phenology of some tropical woody landscape species in Kumasi, Ghana. I. Observations on flowering, *Landscape Urban Plann.*, 17 (1989) 205

Growth and stomatal responses of sugar maple in irrigated and non-irrigated landfill cover soil, *Landscape Urban Plann.*, 17 (1989) 215

The introduction and naturalization of *Schinus molle* (pepper tree) in Riverside, California, *Landscape Urban Plann.*, 18 (1989) 77

A framework for street tree planning in urban areas in Israel, *Landscape Urban Plann.*, 19 (1990) 203

Can photographic methods be used for measuring the light attenuation characteristics of trees in leaf?, *Landscape Urban Plann.*, 20 (1991) 347

Trees and landscape of a suburban residential neighbourhood in Hong Kong, *Landscape Urban Plann.*, 23 (1993) 119

### Tripoli mining

Revegetation of tripoli quarries in the Ozark Highlands of Oklahoma, *Landscape Urban Plann.*, 17 (1989) 175

### Turkey

Urban earthquake hazard in developing countries: squatter settlements and the outlook for Turkey, *Urban Ecol.*, 4 (1980) 317

Prospects of Köprülü Kanyon National Park for meeting both conservation targets and people's need for development, *Landscape Urban Plann.*, 24 (1993) 143

### Ultimate environmental thresholds

Ultimate Environmental Threshold (UET) method in a marine environment (Great Barrier Reef Marine Park in Australia), *Landscape Urban Plann.*, 15 (1988) 327

### UNEP

Developing an ecological framework for the planning of human settlements (Editorial), *Urban Ecol.*, 1 (1975) 1

### United Kingdom

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

### University campus design

The Auraria campus: an example of American landscape design, *Landscape Urban Plann.*, 19 (1990) 1

### Uranium mining

Alligator Rivers Region in Northern Australia — a case study in land use planning, *Landscape Plann.*, 6 (1979) 299

### Urban analysis

The city system and the use of entropy in urban analysis, *Urban Ecol.*, 2 (1976) 33

### Urban architecture

Man and architecture: the highmindedness of Paolo Soleri (Comments and Critiques), *Urban Ecol.*, 4 (1979) 235

### Urban development

Tapiola: model, myth, or happenstance? A personal investigation, *Urban Ecol.*, 1 (1975) 5

Beyond parks: stages in the innovation and re-creation of the City of Montréal, *Landscape Plann.*, 6 (1979) 225

Canberra — a city within the landscape. An evaluation of the provision of parkland and public open space, *Landscape Plann.*, 6 (1979) 271

Land ownership, use and regulation: a case study analysis of a township in the early stages of urban development, *Landscape Plann.*, 12 (1985) 125

Roman impressions: contemporary city planning and housing in Rome, *Landscape Urban Plann.*, 22 (1992) 107

New challenges for urban policy under a flexible regime of accumulation, *Landscape Urban Plann.*, 22 (1992) 189

A Europe of regions — the West Midlands of England: planning for metropolitan change in Birmingham, *Landscape Urban Plann.*, 22 (1992) 229

The European city: does it already exist?, *Landscape Urban Plann.*, 22 (1992) 243

## Urban ecosystem dynamics

A typology for the urban ecosystem and its relationship to larger biogeographical landscape units, *Urban Ecol.*, 4 (1979) 11

Urban constraints, political imperatives: environmental 'design' in Singapore, *Landscape Urban Plann.*, 25 (1993) 37

## Urban environment preference

Environmental public preferences as obtained by the method of photointerpretation in the Ljubljana region, *Urban Ecol.*, 4 (1979) 45

## Urban forests

Urban forest development: A case study, Menlo Park, California, *Urban Ecol.*, 2 (1976) 1

Forests near Moscow as territories of mass recreaction and tourism, *Urban Ecol.*, 2 (1977) 371

Visual screening potential of forest vegetation, *Urban Ecol.*, 4 (1979) 207

*See* Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 1–178

Preface to Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 3

Neighborhoods as stands in the urban forest, *Urban Ecol.*, 8 (1984) 229

Estimating satisfaction levels for a city's vegetation, *Urban Ecol.*, 8 (1984) 269

*See* Special Issue "Ecology of the Urban Forest, Part II: Function", *Urban Ecol.*, 9 (1986) 227–434

*See* Special Issue "Urban Forest Ecology", *Landscape Urban Plann.*, 15 (1988) 1–349

A community forestry planning process: case study of citizen participation, *Landscape Urban Plann.*, 15 (1988) 185

## Urban fringe

The impact of local infrastructural and development policies on agricultural land alienation, *Landscape Plann.*, 9 (1983) 209

Saving California farmland: the politics of preservation, *Landscape Plann.*, 9 (1983) 249

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

Biotechnical Engineering series. Urban Fringe series (Editorial Note), *Landscape Plann.*, 10 (1983) 1

Easements as a development control in the United States, *Landscape Plann.*, 10 (1983) 43

Exurban development and land transformation: the case of Ontario, *Landscape Plann.*, 10 (1983) 335

The land suitability approach to strategic land-use planning in urban fringe areas, *Landscape Plann.*, 11 (1984) 125

The recent evolution of farming landscapes in urban-centred regions, *Landscape Plann.*, 11 (1984) 307

Agricultural land as a real estate commodity: implications for farmland preservation in the North American urban fringe, *Landscape Plann.*, 12 (1985) 177

State farmland preservation programs within the Upper Mississippi River Basin: a comparison, *Landscape Plann.*, 12 (1986) 315

Boundary review boards: a legislative approach to manage growth conflicts in the urban fringe in Washington State, *Landscape Urban Plann.*, 13 (1986) 183

Farmland conservation and farming landscapes in urban-centred regions: the case of the Ile-de-France region, *Landscape Urban Plann.*, 13 (1986) 251

Rural planning in Nigeria: a case study of Odeda Local Government (OLG), *Landscape Urban Plann.*, 15 (1988) 315

*See* Special Issue "Sustaining Agriculture Near Cities", *Landscape Urban Plann.*, 16 (1988) 293–364

## Urban landscape planning

Landscape planning and the city, *Landscape Urban Plann.*, 13 (1986) 433

The Ayia Varvara site project: a case of urban landscape design, *Landscape Urban Plann.*, 19 (1990) 69

The Ayia Varvara site project: a case of urban landscape design (erratum), *Landscape Urban Plann.*, 19 (1990) 393

Scale economics: ecological theory and planning practice in urban landscapes, *Landscape Urban Plann.*, 21 (1991) 21

### Urban perception

Environmental correlates of evaluative appraisals of central business district scenes, *Landscape Urban Plann.*, 14 (1987) 117

### Urban renewal

*See* Special Issue "Urban Renewal in Western Europe", *Urban Ecol.*, 5 (1982) 155–390

Urban design and revitalization — an Australian perspective, *Urban Ecol.*, 9 (1985) 1

Citizen participation in Frisco Main Street: revitalization, *Landscape Urban Plann.*, 17 (1989) 297

Climatic change after regeneration in the oldest quarter of Heidelberg, *Landscape Urban Plann.*, 19 (1990) 47

### Urban size

Economic growth, lifestyle preferences, and urban size, *Urban Ecol.*, 2 (1977) 259

### Urban transportation

Joint development in urban transportation: a practical approach to modern growth management, *Landscape Urban Plann.*, 20 (1991) 325

### Urban water management

The effects of water supply for the city Perth, Western Australia, on other forms of land use, *Landscape Plann.*, 2 (1975) 75

Water resources and consumption in Hong Kong, *Urban Ecol.*, 2 (1977) 327

Dead is dead — an alternative strategy for urban water management, *Urban Ecol.*, 5 (1981) 103

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

Urban flooding in Ibadan: a diagnosis of the problem, *Urban Ecol.*, 7 (1982) 39

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

Hedonistic water use and low-flow runoff in Australia's national capital, *Urban Ecol.*, 7 (1983) 215

Urban water supply in India: environmental issues, *Urban Ecol.*, 8 (1984) 295

Nature conservation, water and urban areas in Britain, *Urban Ecol.*, 9 (1985) 99

### Urban wildlife

Opportunities for wildlife habitats on road verges in a new city, *Urban Ecol.*, 1 (1975) 271

Chipmunks in residential environments (Short Communication), *Urban Ecol.*, 2 (1976) 173

Wildlife habitat as an integral component of a planned unit development, *Urban Ecol.*, 3 (1978) 171

Urban conservation leadership and the wildlife resource, *Urban Ecol.*, 4 (1979) 1

Explorations in bird-land geometry, *Urban Ecol.*, 5 (1981) 113

Habitat associations of ten bird species in Washington, DC, *Urban Ecol.*, 5 (1981) 125

Human effects on nest survivorship of urban synanthropic wasps, *Urban Ecol.*, 7 (1983) 137

Identification of urban habitat components which affect eastern gray squirrel abundance, *Urban Ecol.*, 7 (1983) 345

Urban American perceptions of animals and the natural environment, *Urban Ecol.*, 8 (1984) 209

Nature conservation, water and urban areas in Britain, *Urban Ecol.*, 9 (1985) 99

Breeding birds and vegetation: a quantitative assessment , *Urban Ecol.*, 9 (1986) 377

Relative use of municipal street trees by birds during summer in State College, Pennsylvania, *Urban Ecol.*, 9 (1986) 387

Avian build structure and habitat associations in suburban bird communities, *Urban Ecol.*, 9 (1986) 399

Habitat association of mammals in Syracuse, New York, *Urban Ecol.*, 9 (1986) 413

Database for the New York State urban wildlife habitat inventory, *Landscape Urban Plann.*, 15 (1988) 23

Planning for avian wildlife in urbanizing areas in American desert/mountain valley environments, *Landscape Urban Plann.*, 16 (1988) 245

Analogs: a concept for the research and management of urban wildlife, *Landscape Urban Plann.*, 20 (1991) 285

Winter foraging guild structure and habitat associations in suburban bird communities, *Landscape Urban Plann.*, 21 (1991) 173

Bird population and habitat surveys in urban areas, *Landscape Urban Plann.*, 21 (1991) 181

The avian population of an urban bushland reserve at Wollongong, New South Wales: implications for management, *Landscape Urban Plann.*, 23 (1993) 81

## Urbanisation

Prospective study on physical planning and the environment in the megalopolis in formation in North-West Europe, *Urban Ecol.*, 1 (1976) 331

Urbanization and natural environments: a position paper, *Urban Ecol.*, 2 (1977) 245

Housing the poor: the task ahead in developing countries, *Urban Ecol.*, 2 (1977) 305

Urban carrying capacity and steady state considerations in planning for the Mekong Valley region, *Urban Ecol.*, 3 (1978) 1

Development of landscape planning concepts and management strategies for an urbanizing agricultural region, *Landscape Plann.*, 6 (1979) 151

Landscape management, a case study: Le Vaudreuil new town, *Landscape Plann.*, 7 (1980) 247

Impact of road building, urbanisation and general infrastructural development on the Nigerian rainforest ecosystem, *Landscape Plann.*, 8 (1981) 21

A study of changing land uses in and around Toronto waterfront marshes, *Urban Ecol.*, 8 (1984) 313

Forest area characteristics for metropolitan and nonmetropolitan counties of three northeastern states of the United States, *Urban Ecol.*, 8 (1984) 341

Urban design and revitalization — an Australian perspective, *Urban Ecol.*, 9 (1985) 1

Fate of natural vegetation during urban development of rural landscapes in southeastern Wisconsin, *Urban Ecol.*, 9 (1986) 267

Land ownership, use and regulation: a case study analysis of a township in the early stages of urban development, *Landscape Plann.*, 12 (1985) 125

Environmental impact assessment and New Town planning in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 253

Rural planning in Nigeria: a case study of Odeda Local Government (OLG), *Landscape Urban Plann.*, 15 (1988) 315

Urban influences on the amount and structure of agriculture in the north-eastern United States, *Landscape Urban Plann.*, 16 (1988) 229

*See* Special Issue "Sustaining Agriculture Near Cities", *Landscape Urban Plann.*, 16 (1988) 293–364

The hydrologic effects of urban and land use: a case study of the Little Miami River Basin (Short Communication), *Landscape Urban Plann.*, 19 (1990) 99

Beach resorts: A model of development evolution, *Landscape Urban Plann.*, 21 (1991) 189

Planning and designing new urban settlement on estuaries: Bangladesh, *Landscape Urban Plann.*, 21 (1991) 211

*See* Special Issue "European Urbanization" (A selection of papers presented at the European Urbanization Conference, Akron, OH, 15–17 April 1990), *Landscape Urban Plann.*, 22 (1992) 91–278

## U.S.A.

Urban forest development: A case study, Menlo Park, California, *Urban Ecol.*, 2 (1976) 1

Vegetation conversion for fire control in Los Angeles, *Urban Ecol.*, 2 (1976) 119

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

A model for accommodating the human need for small scale communities within the context of global cooperative systems, *Urban Ecol.*, 3 (1978) 137

Scenic and recreational highway study for the State of Washington, *Landscape Plann.*, 3 (1976) 151

The Hazleton ecological land planning study. Human adaptations in a rural and urban environment: The basis for possible future land use patterns, *Landscape Plann.*, 3 (1976) 303

Effects of crowding on health and social adaptation in the City of Chicago, *Urban Ecol.*, 3 (1978) 327

Urban conservation leadership and the wildlife resource, *Urban Ecol.*, 4 (1979) 1

Atmospheric changes in a growing community (the Columbia, Maryland experience), *Urban Ecol.*, 4 (1979) 53

The impact of development centers on National Park landscapes: the views of senior National Park Service officials, *Landscape Plann.*, 4 (1977) 349

Diversity in the street trees of Syracuse, New York, *Urban Ecol.*, 5 (1981) 33

Survey of urban tree programs in the United States, *Urban Ecol.*, 5 (1981) 81

Habitat associations of ten bird species in Washington, DC, *Urban Ecol.*, 5 (1981) 125

An applied human ecological approach to regional planning, *Landscape Plann.*, 5 (1979) 241

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

A history of aesthetic conservation in California, *Landscape Plann.*, 6 (1979) 1

Simulating alternative policies for implementing the Massachusetts Scenic and Recreational Rivers Act: the North River demonstration project, *Landscape Plann.*, 6 (1979) 51

Intercommunity distribution of tax and land value impacts of air pollution, *Urban Ecol.*, 7 (1983) 125

A framework for estimating the consequence of alternative carrying capacity levels in Yosemite Valley, *Landscape Plann.*, 7 (1980) 151

Diversity and stability in a street tree population, *Urban Ecol.*, 7 (1983) 159

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

Ecology of urban social change — an American example, *Urban Ecol.*, 7 (1983) 307

Identification of urban habitat components which affect eastern gray squirrel abundance, *Urban Ecol.*, 7 (1983) 345

Composition and dominance in Los Angeles Basin urban vegetation, *Urban Ecol.*, 8 (1984) 29

Forest canopy cover and land use in four eastern United States cities, *Urban Ecol.*, 8 (1984) 55

Urban forest of Dayton, Ohio: a preliminary assessment, *Urban Ecol.*, 8 (1984) 91

Residential greenspace and vegetation in a mature city: Syracuse, New York, *Urban Ecol.*, 8 (1984) 99

Human ecological planning at Pennsylvania, *Landscape Plann.*, 8 (1981) 109

Nitrate as a consideration in planning future land uses, *Landscape Plann.*, 8 (1981) 121

Species structure and soil characteristics of five urban forest sites along the New Jersey palisades, *Urban Ecol.*, 8 (1984) 149

Structure and condition of older stands in parks and open space areas of San Francisco, California, *Urban Ecol.*, 8 (1984) 165

Resource competition in the Kennett region of Pennsylvania, *Landscape Plann.*, 8 (1981) 175

Urban American perceptions of animals and the natural environment, *Urban Ecol.*, 8 (1984) 209

Landform and scenic preference: a research note (Short Communication), *Landscape Plann.*, 8 (1981) 301

Influence of adjacent land use on understory vegetation of New York forests, *Urban Ecol.*, 8 (1984) 329

Forest area characteristics for metropolitan and nonmetropolitan counties of three northeastern states of the United States, *Urban Ecol.*, 8 (1984) 341

Erosional impacts of trails in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 8 (1981) 387

Variation in epiphytic microcommunities (tardigrade–lichen–bryophyte assemblages) of the Cincinnati, Ohio area, *Urban Ecol.*, 9 (1985) 45

A quantitative analysis of the flora and plant communities of a representative midwestern U.S. town, *Urban Ecol.*, 9 (1985) 143

An ecological comparison of the McHarg method with other planning initiatives in the Great Lakes Basin, *Landscape Plann.*, 9 (1982) 147

The impact of local infrastructural and development policies on agricultural land alienation, *Landscape Plann.*, 9 (1983) 209

Presettlement forest structure as a factor in urban forest development, *Urban Ecol.*, 9 (1986) 245

Saving California farmland: the politics of preservation, *Landscape Plann.*, 9 (1983) 249

Fate of natural vegetation during urban development of rural landscapes in southeastern Wisconsin, *Urban Ecol.*, 9 (1986) 267

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

Urban vegetation impacts on the hydrology of Dayton, Ohio, *Urban Ecol.*, 9 (1986) 361

Relative use of municipal street trees by birds during summer in State College, Pennsylvania, *Urban Ecol.*, 9 (1986) 387

Habitat association of mammals in Syracuse, New York, *Urban Ecol.*, 9 (1986) 413

Easements as a development control in the United States, *Landscape Plann.*, 10 (1983) 43

Economic trade-offs of coal mining on the prime farmland, *Landscape Plann.*, 10 (1983) 131

Environmental planning for wastewater land application: lessons from Penn State's "Living Filter", *Landscape Plann.*, 10 (1983) 205

Application of wildland scenic assessment methods to the urban landscape, *Landscape Plann.*, 10 (1983) 219

Regional planning in the United States: historic and contemporary examples, *Landscape Plann.*, 10 (1983) 297

A study of the reliability of the Bureau of Land Management visual resource assessment scheme (Short Communication), *Landscape Plann.*, 11 (1984) 161

Evaluation of trail erosion in Guadalupe Mountains National Park, Texas, *Landscape Plann.*, 12 (1985) 29

Natural area planning for recreational use transition, *Landscape Plann.*, 12 (1985) 111

Land ownership, use and regulation: a case study analysis of a township in the early stages of urban development, *Landscape Plann.*, 12 (1985) 125

Landscape project. Port LaBelle, *Landscape Plann.*, 12 (1985) 193

State farmland preservation programs within the Upper Mississippi River Basin: a comparison, *Landscape Plann.*, 12 (1986) 315

The perception of dimensions of space and levels of infrastructure and its application in landscape planning, *Landscape Plann.*, 12 (1986) 337

Commercial highway landscape reclamation: a participatory approach, *Landscape Plann.*, 12 (1986) 353

The effectiveness of zoning for agricultural lands protection: a case study from Cache County, Utah, *Landscape Urban Plann.*, 13 (1986) 45

Conservation options for the Blackstone River Valley, *Landscape Urban Plann.*, 13 (1986) 81

The development of forest islands in exurban central New York State, *Landscape Urban Plann.*, 13 (1986) 111

Boundary review boards: a legislative approach to manage growth conflicts in the urban fringe in Washington State, *Landscape Urban Plann.*, 13 (1986) 183

Correlations between urban tree crown cover and total population in eight U.S. cities (Short Communication), *Landscape Urban Plann.*, 13 (1986) 219

Landscape planning education in America: retrospect and prospect, *Landscape Urban Plann.*, 13 (1986) 367

Landscape planning and the city, *Landscape Urban Plann.*, 13 (1986) 433

The application of computer technology to landscape planning in United States National Forests, *Landscape Urban Plann.*, 13 (1986) 453

A comparison of soil and vegetation properties of seeded and naturally revegetated pyritic alpine mine spoil and reference sites, *Landscape Urban Plann.*, 14 (1987) 507

Revegetation of tripoli quarries in the Ozark Highlands of Oklahoma, *Landscape Urban Plann.*, 17 (1989) 175

Environmental stress resistance and propagation studies of six *Cynodon dactylon* strains to assess reclamation suitability, *Landscape Urban Plann.*, 19 (1990) 281

Establishment of *Aloe greatheadii* var. *davyana* from seed for use in reclamation trials, *Landscape Urban Plann.*, 23 (1992) 47

Establishment of hardwood tree and shrub species on a Texas lignite mine using irrigation, mulch and shade, *Landscape Urban Plann.*, 25 (1993) 85

## Vegetation — rural

Influence of adjacent land use on understory vegetation of New York forests, *Urban Ecol.*, 8 (1984) 329

Mediterranean landscape evolution and degradation as multivariate biofunctions: theoretical and practical implications, *Landscape Plann.*, 9 (1982) 125

Human role in shaping of the flora in a wetland community, the chinampa, *Landscape Urban Plann.*, 20 (1991) 47

## Vegetation — succession

Vegetation management by minimal intervention: working with succession, *Landscape Plann.*, 8 (1981) 149

Direct seeding of black locust reduces herbaceous competition (Short Communication), *Landscape Urban Plann.*, 17 (1989) 73

Transplanting shrubs for revegetation of salt-affected soils (Short Communication), *Landscape Urban Plann.*, 19 (1990) 377

Changes in landscape patterns and vegetation dynamics in Provence, France, *Landscape Urban Plann.*, 24 (1993) 153

## Vegetation — urban

Vegetation conversion for fire control in Los Angeles, *Urban Ecol.*, 2 (1976) 119

Lower plants and the urban landscape, *Urban Ecol.*, 4 (1979) 217

Ruderal communities in English cities, *Urban Ecol.*, 4 (1980) 329

Diversity in the street trees of Syracuse, New York, *Urban Ecol.*, 5 (1981) 33

Survey of urban tree programs in the United States, *Urban Ecol.*, 5 (1981) 81

Explorations in bird-land geometry, *Urban Ecol.*, 5 (1981) 113

Diversity and stability in a street tree population, *Urban Ecol.*, 7 (1983) 159

Comment on N.A. Richards' diversity and stability in a street tree population (Comments and Critiques), *Urban Ecol.*, 7 (1983) 173

Wildlife and greenspace planning in medium-scale residential developments, *Urban Ecol.*, 7 (1983) 201

Green agreements and green plans for metropolitan areas — an example: Dijon, *Landscape Plann.*, 7 (1980) 235

A preliminary attempt at a thermal division of the town of Münster (North Rhine–Westphalia, West Germany) on a floral and vegetational basis, *Urban Ecol.*, 7 (1983) 255

Planning green spaces for seaside resorts developed on the Languedoc Roussillon coast, *Landscape Plann.*, 7 (1980) 281

*See* Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 1–178

Preface to Special Issue "Ecology of the Urban Forest, Part I: Structure and Composition", *Urban Ecol.*, 8 (1984) 3

Neighborhoods as stands in the urban forest, *Urban Ecol.*, 8 (1984) 229

Estimating satisfaction levels for a city's vegetation, *Urban Ecol.*, 8 (1984) 269

Variation in epiphytic microcommunities (tardigrade–lichen–bryophyte assemblages) of the Cincinnati, Ohio area, *Urban Ecol.*, 9 (1985) 45

A quantitative analysis of the flora and plant communities of a representative midwestern U.S. town, *Urban Ecol.*, 9 (1985) 143

Weed synecology and dynamics in urban environment, *Urban Ecol.*, 9 (1985) 161

*See* Special Issue "Ecology of the Urban Forest, Part II: Function", *Urban Ecol.*, 9 (1986) 227–434

The status and prospects of urban trees in Hong Kong, *Landscape Urban Plann.*, 14 (1987) 1

Woody vegetation in settlements, *Landscape Urban Plann.*, 14 (1987) 57

*See* Special Issue "Urban Forest Ecology", *Landscape Urban Plann.*, 15 (1988) 1–349

The introduction and naturalization of *Schinus molle* (pepper tree) in Riverside, California, *Landscape Urban Plann.*, 18 (1989) 77

A framework for street tree planning in urban areas in Israel, *Landscape Urban Plann.*, 19 (1990) 203

Vegetation responses to changes in design and management of an urban park, *Landscape Urban Plann.*, 22 (1992) 1

Accounting for benefits and costs of urban greenspace, *Landscape Urban Plann.*, 22 (1992) 41

Trees and landscape of a suburban residential neighbourhood in Hong Kong, *Landscape Urban Plann.*, 23 (1993) 119

## Vegetation burning

Vegetation burning and forest reservation in a segment of the forest–savanna mosaic of Nigeria: a preliminary investigation, *Landscape Plann.*, 1 (1974) 81

## Vegetation maps

Unity and diversity in landscape, *Landscape Plann.*, 1 (1974) 7

## Vietnam

Urban carrying capacity and steady state considerations in planning for the Mekong Valley region, *Urban Ecol.*, 3 (1978) 1

## Village structure

Villages in transition. Six Swedish hamlets during the last 200 years, *Landscape Plann.*, 11 (1984) 151

The contribution of open spaces to the physical image of an agricultural village, *Landscape Urban Plann.*, 17 (1989) 339

## Visibility analysis

Visibility analysis of mining and waste tipping sites — a review, *Landscape Urban Plann.*, 13 (1986) 101

## Vista management

Vista management in Acadia National Park, *Landscape Urban Plann.*, 19 (1990) 353

Erratum: Vista management in Acadia National Park, *Landscape Urban Plann.*, 20 (1991) 357

### Visual assessment research

Appraisal of visual landscape qualities in a region selected for accelerated growth, *Landscape Plann.*, 1 (1974) 307

A visual information system and its use in urban planning, *Urban Ecol.*, 4 (1979) 29

Environmental public preferences as obtained by the method of photointerpretation in the Ljubljana region, *Urban Ecol.*, 4 (1979) 45

Scenic assessment: An overview, *Landscape Plann.*, 4 (1977) 109

How to measure preferences for photographs of natural landscapes, *Landscape Plann.*, 4 (1977) 237

Implied human influence reduces landscape beauty (Short Communication), *Landscape Plann.*, 7 (1980) 171

Landform and scenic preference: a research note (Short Communication), *Landscape Plann.*, 8 (1981) 301

An empirical study on the appraisals of landscape types by residential groups — Tsukuba Science City, *Landscape Plann.*, 10 (1983) 109

Application of wildland scenic assessment methods to the urban landscape, *Landscape Plann.*, 10 (1983) 219

Individual and group reliability of landscape assessments (Short Communication), *Landscape Plann.*, 11 (1984) 67

The scenic value of the forest landscape as assessed in the field and the labortory, *Landscape Plann.*, 11 (1984) 97

Sensitivity of scenic beauty assessments, *Landscape Urban Plann.*, 13 (1986) 319

Environmental correlates of evaluative appraisals of central business district scenes, *Landscape Urban Plann.*, 14 (1987) 117

Public response to differences between visually distinguishable forest stands in a recreation area, *Landscape Urban Plann.*, 14 (1987) 211

Presentation mode and question format artifacts in visual assessment research, *Landscape Urban Plann.*, 14 (1987) 225

Issues in sampling landscapes for visual quality assessments, *Landscape Urban Plann.*, 17 (1989) 323

### Visual evaluation

Visual landscape evaluation. A grid technique, *Landscape Plann.*, 3 (1976) 67

Research on the visual perception and appreciation of, and visual changes in a hedgerow landscape, *Landscape Plann.*, 3 (1976) 421

The influence of the environmental background of subjects on their landscape preference evaluation, *Landscape Urban Plann.*, 13 (1986) 125

The influence of the socio-economic background of subjects on their landscape preference evaluation (Short Communication), *Landscape Urban Plann.*, 13 (1986) 225

Visual impact of hillside development: comparison of measurements derived from aerial and ground-level photographs, *Landscape Urban Plann.*, 15 (1988) 119

### Visual quality

Aesthetics and management: bridging the gap, *Landscape Urban Plann.*, 13 (1986) 1

Human responses to vegetation and landscapes, *Landscape Urban Plann.*, 13 (1986) 29

Issues in sampling landscapes for visual quality assessments, *Landscape Urban Plann.*, 17 (1989) 323

Habitat, visual and recreational values and the planning of extractive development and protected areas: a tale of three islands, *Landscape Urban Plann.*, 21 (1991) 109

The assessment of visual quality as a tool for the conservation of rural landscape diversity, *Landscape Urban Plann.*, 24 (1993) 105

### Visual resource management techniques

Visual resource management of Victoria's forests: a new concept for Australia, *Landscape Plann.*, 6 (1979) 313

A study of the reliability of the Bureau of Land Management visual resource assessment scheme (Short Communication), *Landscape Plann.*, 11 (1984) 161

### Visualization

*See* Data visualization

## W

### Waste facilities

*See* Hazardous waste facilities

### Waste tipping sites

Bergkamen communal tip: Extracts from the explanatory report to the landscape plan, *Landscape Plann.*, 2 (1976) 249

Visibility analysis of mining and waste tipping sites — a review, *Landscape Urban Plann.*, 13 (1986) 101

### Wastewater disposition

Environmental planning for wastewater land application: lessons from Penn State's "Living Filter", *Landscape Plann.*, 10 (1983) 205

### Water landscapes, general

*See* Special Issue "The Landscape of Water", (Proceedings of the Meeting: Jornadas Internacionales Sobre el Paisaje del Agua, Canal de Isabel II, Madrid, 8–10 October 1986), *Landscape Urban Plann.*, 16 (1988) 1–220

### Water management

The role of water importation on regional landscape and land use in Israel, *Landscape Urban Plann.*, 16 (1988) 81

Water, a cultural heritage, *Landscape Urban Plann.*, 16 (1988) 93

### Water quality

Disturbed land rehabilitation in Lynx Creek Watershed, *Landscape Plann.*, 2 (1976) 265

The hydrologic effects of urban and land use: a case study of the Little Miami River Basin (Short Communication), *Landscape Urban Plann.*, 19 (1990) 99

### Water recreation sites

Planning for water recreation in Israel, *Landscape Plann.*, 2 (1975) 45

### Water resource management

Water resources and consumption in Hong Kong, *Urban Ecol.*, 2 (1977) 327

Dead is dead — an alternative strategy for urban water management, *Urban Ecol.*, 5 (1981) 103

*See* Special Issue "Role of Water in Urban Ecology" (2nd International Environmental Symposium of the Royal Netherlands Land Development Society, Amsterdam, 27–31 August 1979), *Urban Ecol.*, 6 (1982) 1–362

Role of water in urban ecology (Erratum), *Urban Ecol.*, 7 (1983) 177

Hedonistic water use and low-flow runoff in Australia's national capital, *Urban Ecol.*, 7 (1983) 215

Urban water supply in India: environmental issues, *Urban Ecol.*, 8 (1984) 295

Assimilative capacity and water resource management: four examples from the United States, *Landscape Urban Plann.*, 19 (1990) 17

Conservation of brooks in small watersheds: a case for planning, *Landscape Urban Plann.*, 19 (1990) 55

The hydrologic effects of urban and land use: a case study of the Little Miami River Basin (Short Communication), *Landscape Urban Plann.*, 19 (1990) 99

*See* Special Issue "Wetlands" (A selection of papers presented at the International Conference: The People's Role in Wetland Management, Leiden, 5–8 June 1989), *Landscape Urban Plann.*, 20 (1991) 1–274

Water resources management and health: general remarks and a case study from Cameroon, *Landscape Urban Plann.*, 20 (1991) 111

### Waterfronts

Ten trends in the continuing renaissance of urban waterfronts, *Landscape Urban Plann.*, 16 (1988) 177

### Waterlogging tolerance

Screening for salinity and waterlogging tolerance in five *Casuarina* species, *Landscape Urban Plann.*, 17 (1989) 331

### Watersheds

An evaluation of landscape units for watershed similarity analyses, *Landscape Plann.*, 5 (1979) 311

### Wayfinding

Wayfinding: a conceptual framework, *Urban Ecol.*, 5 (1981) 17

### Wetlands

A method for assessing wetland characteristics and values, *Landscape Plann.*, 11 (1984) 1

Conservation designation in the Somerset levels: a study of local attitudes, *Landscape Urban Plann.*, 14 (1987) 451

**White clover**

The effect of nitrogen level and time of sowing on the establishment of white clover (*Trifolium repens*) on colliery spoil, *Landscape Urban Plann.*, 14 (1987) 369

**Wildlife**

Opportunities for wildlife habitats on road verges in a new city, *Urban Ecol.*, 1 (1975) 271

Chipmunks in residential environments (Short Communication), *Urban Ecol.*, 2 (1976) 173

Wildlife habitat as an integral component of a planned unit development, *Urban Ecol.*, 3 (1978) 171

Urban conservation leadership and the wildlife resource, *Urban Ecol.*, 4 (1979) 1

Explorations in bird-land geometry, *Urban Ecol.*, 5 (1981) 113

Habitat associations of ten bird species in Washington, DC, *Urban Ecol.*, 5 (1981) 125

Human effects on nest survivorship of urban synanthropic wasps, *Urban Ecol.*, 7 (1983) 137

Wildlife and greenspace planning in medium-scale residential developments, *Urban Ecol.*, 7 (1983) 201

Identification of urban habitat components which affect eastern gray squirrel abundance, *Urban Ecol.*, 7 (1983) 345

Urban American perceptions of animals and the natural environment, *Urban Ecol.*, 8 (1984) 209

Nature conservation, water and urban areas in Britain, *Urban Ecol.*, 9 (1985) 99

Breeding birds and vegetation: a quantitative assessment, *Urban Ecol.*, 9 (1986) 377

Relative use of municipal street trees by birds during summer in State College, Pennsylvania, *Urban Ecol.*, 9 (1986) 387

Avian build structure and habitat associations in suburban bird communities, *Urban Ecol.*, 9 (1986) 399

Habitat association of mammals in Syracuse, New York, *Urban Ecol.*, 9 (1986) 413

The design and development of gravel pits for wildlife in Milton Keynes, England, *Landscape Plann.*, 11 (1984) 19

Conservation and creation of wildlife habitats on industrial land in Greater Manchester, *Landscape Plann.*, 11 (1984) 175

An assessment of the role of golf courses in Kent, England, in protecting wildlife and landscapes, *Landscape Urban Plann.*, 14 (1987) 143

Conservation designation in the Somerset levels: a study of local attitudes, *Landscape Urban Plann.*, 14 (1987) 451

Characteristics of urban woodlands affecting breeding bird diversity and abundance, *Landscape Urban Plann.*, 14 (1987) 481

Characteristics of urban woodlands affecting breeding bird diversity and abundance, *Landscape Urban Plann.*, 14 (1987) 481

Database for the New York State urban wildlife habitat inventory, *Landscape Urban Plann.*, 15 (1988) 23

Planning for avian wildlife in urbanizing areas in American desert/mountain valley environments, *Landscape Urban Plann.*, 16 (1988) 245

Revegetation of tripoli quarries in the Ozark Highlands of Oklahoma, *Landscape Urban Plann.*, 17 (1989) 175

Avian community structure in a large urban park: controls of local richness and diversity, *Landscape Urban Plann.*, 17 (1989) 221

Avian community structure in a large urban park: controls of local richness and diversity, *Landscape Urban Plann.*, 17 (1989) 221

Multi-model habitat suitability index analysis in the Red River Valley, *Landscape Urban Plann.*, 17 (1989) 261

An overview of park–people interactions in Royal Chitwan National Park, Nepal, *Landscape Urban Plann.*, 19 (1990) 133

Wildlands and human needs: resource use in an African protected area, *Landscape Urban Plann.*, 19 (1990) 145

The people's role in wetlands management: the Zambian initiative, *Landscape Urban Plann.*, 20 (1991) 73

People's participation in wildlife utilization in Africa, *Landscape Urban Plann.*, 20 (1991) 159

A general appraisal of consumptive wildlife utilization in Zambia, *Landscape Urban Plann.*, 20 (1991) 163

Educational response to differences in environmental attitudes among lake fishermen, *Landscape Urban Plann.*, 20 (1991) 167

Analogs: a concept for the research and management of urban wildlife, *Landscape Urban Plann.*, 20 (1991) 285

Winter foraging guild structure and habitat associations in suburban bird communities, *Landscape Urban Plann.*, 21 (1991) 173

Winter foraging guild structure and habitat associations in suburban bird communities, *Landscape Urban Plann.*, 21 (1991) 173

Bird population and habitat surveys in urban areas, *Landscape Urban Plann.*, 21 (1991) 181

Bird population and habitat surveys in urban areas, *Landscape Urban Plann.*, 21 (1991) 181

The avian population of an urban bushland reserve at Wollongong, New South Wales: implications for management, *Landscape Urban Plann.*, 23 (1993) 81

The avian population of an urban bushland reserve at Wollongong, New South Wales: implications for management, *Landscape Urban Plann.*, 23 (1993) 81

### Wind

The occurrence and duration of weak, near-surface winds at Melbourne, Australia, *Landscape Urban Plann.*, 13 (1986) 303

### Wind energy developments

Altamont: public perceptions of a wind energy landscape, *Landscape Urban Plann.*, 14 (1987) 379

### Wind field

Wind field studies in an urban environment, *Urban Ecol.*, 2 (1976) 93

### Women

Planning with women for wise use of the environment. Research and practical issues, *Landscape Urban Plann.*, 20 (1991) 141

### World Bank

Environment and development: implementing the World Bank's new policies, *Landscape Urban Plann.*, 20 (1991) 19

## Y

### Yugoslavia

A visual information system and its use in urban planning, *Urban Ecol.*, 4 (1979) 29

Environmental public preferences as obtained by the method of photointerpretation in the Ljubljana region, *Urban Ecol.*, 4 (1979) 45

Yugoslav experience in the decentralisation of urban and regional planning systems (Short Communication), *Landscape Urban Plann.*, 14 (1987) 441

## Z

### Zambia

The people's role in wetlands management: the Zambian initiative, *Landscape Urban Plann.*, 20 (1991) 73

A general appraisal of consumptive wildlife utilization in Zambia, *Landscape Urban Plann.*, 20 (1991) 163

### Zimbabwe

The training of planners and project implementation in Zimbabwe, *Landscape Urban Plann.*, 13 (1986) 429

### Zinc mining

Revegetation of a contaminated zinc smelter site, *Landscape Urban Plann.*, 17 (1989) 241

### Zoning

Saving California farmland: the politics of preservation, *Landscape Plann.*, 9 (1983) 249

Methods for retaining agriculture land in the urban fringe in the U.S.A., *Landscape Plann.*, 9 (1983) 271

The effectiveness of zoning for agricultural lands protection: a case study from Cache County, Utah, *Landscape Urban Plann.*, 13 (1986) 45

An assessment of a rational approach to drawing up local government zoning schemes, *Landscape Urban Plann.*, 15 (1988) 303

Agricultural zoning in a metropolitan county: an evaluation of the Black Hawk County, Iowa, program, *Landscape Urban Plann.*, 16 (1988) 303
